MEMORANDUM - April 25, 1947

RE: Animist Party

The National Director of the Animist Party is James H. ~~Maddle~~, 224 East Main Street, Beacon, New York. The New York agent is ~~Fred~~ Wise, 327 East 97th Street, New York, New York. Others reported to be active in this organization are Mr. ~~Bernard~~, an importer residing at Dobbs Ferry, Mr. ~~Snow~~, an executive of the New York Central Railroad, and a Mr. ~~Thornton~~ or ~~Thorton~~, an executive of BMT, residing at Queens. The National Director, ~~Mad~~dle is nineteen or twenty years of age and employed with a textile firm in New York City, whose address is not known, at the present time. The Phone number of this textile house is LA 4-0500. ~~Mad~~dle carries on considerable correspondence for the Animists and is known to have had correspondence with ~~Green~~ of the ~~Ku~~ Klux Klan. He also claims to have the backing of the Silver Shirts and Rosecrucians. This support is only voting support, inasmuch as the purpose of the Animists is to form a fourth party in 1952. At the present time, they claim to have a voting strength of 48,000.

~~Mad~~dle is a clerk and earns about twenty-five to thirty dollars a week from his job. However, he claims to have an extra income from his writings and recently told an acquaintance that he had several thousand dollars to invest. Gordon ~~Van~~ ~~Vlack~~, an artist, for the newspaper in Beacon is said to have illustrated articles written by ~~Mad~~dle. The question has been raised by those who know him as to how much money he is getting from Bernard, Snow

and Thornton.

'At the present time, Maddle is worried about his school teacher in Beacon, New York, either a Miss ~~Fish~~ or a Mrs. ~~Fish~~ who tells everyone that he is a Fascist.

A weekend outing has been planned by the members of the Animist Party for April 26 and 27 at Beacon. The only thing known about this outing, at the present time, is that Maddle has attempted to get a number ^{of persons} at his place of business to come up to Beacon for the weekend for such a purpose. He stated that the other men mentioned will be present.

Little is known of Fred Wise except that meetings are supposed to be held at that address and considerable correspondence has flown between Wise and Maddle.

The slogan of the Animists is "The Ultimate Destiny of Man Lies in the Stars."

Their platform is as follows:-

- 1 Unity between labor and management, disputes settled by Impartial Labor Tribunal.
- 2 Radioactive isotopes to be released from government control for use in treatment of cancer and skin ailments.
- 3 Nine years training course for future national office holders, elimination of political machines and party politics, all to be replaced by trained and able leaders.
- 4 Protection of the Christian faiths against enemies within and without.
- 5 A ten year reconstruction project to bring about ultra-modern homes at \$30 per month rentage.
- 6 Elimination of inefficient bureaucracy.
- 7 Students to be trained only in subjects pertaining to their chosen profession.
- 8 Self supporting government.

The source of information for the above is Frank Burns, who is employed at the same place as Maddie and resides at 3201 Glenwood Road, Brooklyn and can be reached through Telephone TR 3-6472. Burns is in extremely poor physical condition and mentally depressed because of a cancerous condition. I have known him since 1944. He is a good Catholic and during the War was in the U.E. active in the Right Wing Movement.

Another source of information is a girl who is also employed with Maddie, Gloria Dietz. Maddie has made a special effort to recruit Dietz, inasmuch as he feels that because of their German descent they have something in common. Burns says that Dietz is one-hundred per cent reliable and has shown the above absolutely no tendencies of going along with Maddie. She regards him as strictly a "Crackpot". Maddie is trying to induce her to go to Beacon over the weekend. He said he would foot her expenses. Burns and his wife were also invited, but no offer was made to defray the expenses of their trip.

REPORT MADE AT NEW YORK	DATE WHEN MADE 8-18-47	PERIOD FOR WHICH MADE 7/2, 8, 10, 20, 28, 30/1947	REPORT MADE BY JAMES E. TIERNEY, JR.
TITLE ANIMIST PARTY			CHARACTER OF CASE INTERNAL SECURITY-X

SYNOPSIS OF FACTS:

JAMES H. MADOLE in correspondence with GLORIA DIETZ endeavors to date her and apparently attempts to impress her with his importance; he makes reference therein to individuals whom he states are in sympathy with his organization or who will endeavor to aid him in his work. He asked her to write articles for his magazine, which would show relationship between Lutheranism and Animist philosophy. DIETZ refused request for such articles; believes subject is "crack pot". EDWARD SNOW and WALLACE SNOW, Assistant General Freight Agent and General Eastern Freight Agent, respectively, NY CENTRAL RR, considered reputable businessmen and loyal Americans by associates; both state they never knew MADOLE. JOHN J. THORNTON is the only individual who could possibly have been meant by MADOLE to be executive of BMT but he is a claim examiner with good record.

Mr. FRANK BURNS, 3201 Glenwood Road, Brooklyn, New York, was contacted in the hope that he might supply additional information. Mr. BURNS, however advised that he had very little additional information than that supplied by him originally. the textile business and which firm presently employs MADOLE. Mr. BURNS suggested that perhaps GLORIA DIETZ or FLO GOLDSTEIN, both employees of BLUMENTHAL & COMPANY, might be able to add to the original information which was furnished in this case. He went on to state that although he considered MADOLE intelligent in some ways, he felt that unlike most other normal individuals MADOLE, as a youth, had spent too much time in libraries and at home reading books on all subjects, instead of engaging in sports as a normal youth would. He thought that perhaps this may have caused MADOLE to form some of his "crack pot" philosophy.

Mr. BURNS stated that he believed the individual referred to as THORNTON, or ~~THORTON~~, was actually named THORNTON but he did not know his first name. Mr. BURNS was unable to supply a residence address for THORNTON but did state that he had heard from an unrecalled source that THORNTON was an individual of good reputation. He was unable to supply any further information regarding Mr. BERNARD or Mr. SNOW.

As to WISE (later determined to be named WEISS) BURNS advised he thought WEISS might be a school teacher.

GLORIA DIETZ, Clerk, 1400 Broadway, stated that she felt that MADOLE is a person of conflicting personalities and a "crack pot". At times, judging from the many letters he wrote her, she felt that he might be an intelligent person and yet, though she had had very little conversation with him, not caring to discuss his theories with him, those conversations she had together with his actions had left her with the impression at times that he was dumb and stupid. In view of the fact that most of her contact with MADOLE has been through correspondence she showed some of it to the reporting agent. On the whole in this material MADOLE talks of his activities without being too specific; however, he did mention some names. In addition to relating his activities in this correspondence, the account of which appears to be for the purpose of impressing Miss DIETZ, he endeavors to make a date with her. Miss DIETZ stated she felt that perhaps MADOLE was interested in her as much as any boy would be interested in a girl. She also felt that a good part of his correspondence concerning his activities was merely written to impress her.

In one of his letters he stated that he would like to have her write for his magazine, called the ANIMIST; herein he relates, "I know you have both executive ability and a knowledge of psychology, whether you have experience in writing I don't know, but the combined executive ability and knowledge of psychology are certainly the foundation stones for such experience. Moreover you are

a Lutheran and active in church affairs. I am willing to pay you for the articles, one per month, on subjects relating to Lutheranism as it relates to my Animist philosophy." Miss DIETZ refused this offer, stating that she is too busy to write the articles.

At times during this correspondence MADOLE would mention individuals who were active in his organization or with whom he had some dealings in relation to his organization but he would merely mention these individuals by last name; however, Miss DIETZ at one time received some pamphlets and other material from MADOLE which further identified a number of these individuals by name and address and in some cases just by full names. There is being set out below the names of these individuals and where they reside or at least where their place of business is:

W. HENRY ~~MAC~~ FARLAND, JR.
876 Granite Street
Philadelphia, Pa.

WALTER ~~DUNKELBERGER~~
1443 Fourth Avenue
South Fargo, North Dakota

ARCHIBALD ~~McKINNON~~, Editor,
Round Table News Flashes
434 Irving Place
2251 Pierson Street
Indianapolis, Indiana

EUGENE R. ~~FLITCRAFT~~
P O B 288
Oak Park, Illinois

It was Miss DIETZ' opinion that DUNKELBERGER is the press director of MADOLE's organization. In one of his letters MADOLE told her that "his organization has many friends in Washington, including Senators RANKIN and McCLELLAN, of the Un-American Activities Committee and that his organization was working to gain contact with proper Army leaders who have the defense of America in their hands and needless to say they desire the mass re-armament which we preach."

Miss DIETZ related that MADOLE seems to make some trips to different parts of the country which as far as she can determine are to attend some conventions, the nature of which she does not know.

NY 105-1064

Miss DIETZ was requested to retain any additional information she may have concerning MADOLE along the above lines; she advised that he signed the letters he wrote her as JAMES H. MADOLE.

Mr. J. DUCHEK, owner, 327 East 97th Street, advised that Mr. and Mrs. WEISS have resided in his premises about three years. He revealed that the average rent on these premises was \$17 to \$20 a month and that he has twenty families in his building. (It is to be noted that these premises were in very poor condition and that the people living there could not possibly be other than people of low class or just above it. There were some Puerto Ricans residing in the house.)

DUCHEK frankly stated that he knew very little about the tenants in his house and concerning the WEISSES he was only able to give the following information: He revealed that the WEISSES, as far as he knew, originally came from someplace in White Plains; that Mrs. WEISS apparently worked steady as she leaves the house every day and returns at evening time. He was unable to name the occupation or the place where she worked. According to DUCHEK, WEISS himself is engaged, as far as he can see, in no gainful occupation. Mr. DUCHEK advised he did not know the first names of either Mr. or Mrs. WEISS but his rent book showed that Mrs. WEISS pays the rent every month in cash and originally Mrs. DUCHEK had written down Mrs. WEISS's name as FREIDA MARIE WEISS. DUCHEK stated that his wife probably meant to spell the first name FRIEDA.

The following general information concerning WEISS was obtained from DUCHEK: He thought that originally these two individuals came from Germany; that they moved into the premises without giving any references; that they have no children and his acquaintance with him is merely a "nodding acquaintance". Mr. DUCHEK has never discussed politics with either of the WEISSES and he has found them, as far as he can see, to be very quiet individuals who very seldom have any visitors and definitely, as far as he can see, hold no meetings at these premises.

DUCHEK, (whose own apartment was quite run down) advised that the WEISS apartment is kept in very poor condition; that he has attempted to paint it but Mrs. WEISS stated that she did not want it painted. DUCHEK, at the conclusion of the interview, finally recalled that the WEISSES originally came to the house through a former tenant. After a great deal of searching through his rent books he stated the name of the woman who sent the WEISSES to his premises was EMILIE SHIOTA. He revealed that EMILIE SHIOTA, after a review of his rent books, was indicated to have moved into those premises about April 1943 and remained there about a year and a half, when she bought a house somewhere in White Plains, the address of which he did not know.

NY 105-1064

Mr. DUCHEK described WEISS as about 56 or 57 years old; five feet nine inches, 190 pounds, stocky build, presently bald, but from what little hair is left it apparently was sandy colored; blue eyes, no glasses, no scars or marks; no mustache.

Mr. JEROME DALEY, Secretary of the Board of Transportation for the City of New York, 250 Hudson Street, New York City, advised that there was no executive employed with the BMT Railroad under the name of THORNTON or THORTON, nor was there any individual employed under the name of THORTON in any capacity. Mr. DALEY stated that the individual nearest to an executive capacity for the BMT by the name of THORNTON, is JOHN J. THORNTON, who is employed as a claim examiner. The remaining THORNTON's employed by this railroad are either porters or conductors. A review of JOHN J. THORNTON's personnel file revealed that he has been employed satisfactorily by this concern since April 15, 1937 when he first received an appointment as a law investigator at \$100 a month; on January 7, 1947 he was made a claim examiner at \$2,580 a year.

The file showed that THORNTON was in the United States Army from November 14, 1942 to May 1943 as a private; according to information received from the Army THORNTON's character was considered excellent and he was discharged from the Army because of poor physical condition. THORNTON was born July 13, 1898 at 96 20th Street, Brooklyn, New York; attended Commercial High School on Bedford Avenue in Brooklyn for a few years and from that time until 1937 had a number of ordinary clerical positions until his employment by the BMT. He resides at 215 71 Street, Brooklyn, New York, with his sister, Mrs. M. B. MARTIN; his marital status is single and according to the file he has never been arrested.

Mr. JOHN L. MUCKENHOUP, Assistant Dairy and Perishable Agent, and his immediate supervisor, Mr. ROLAND G. GEBERT, Dairy Agent, both of New York Central System, 466 Lexington Avenue, advised that the only individuals in executive positions by the name of SNOW employed by their System are Mr. EDWARD SNOW, who is Assistant General Freight Agent for New York City, and his assistant, Mr. WALLACE SNOW, whose title is General Eastern Freight Agent. Both MUCKENHOUP and GEBERT advised that they have known Mr. EDWARD SNOW for a great number of years and considered him to be a man of excellent character and reputation and loyal to the highest possible degree to the United States of America. They related that they did not believe that Mr. EDWARD SNOW would in any way be connected with an organization such as that of which MADOLE was director. They concluded by stating that they did not know Mr. WALLACE SNOW in view of the fact that he had only recently been appointed to his position here in New York City.

NY 105-1064

Mr. EDWARD SNOW, Assistant General Freight Agent, 466 Lexington Avenue, advised that he has been with the New York Central System for approximately thirty years. He stated he has been recently appointed to his present position and for a number of years he has had approximately sixty-five or seventy men under his immediate jurisdiction. His supervisory duties consist of supervision of publication of freight rates, rules and regulations laid down by the Interstate Commerce Commission, solicitation of business for the railroad and supervision as executive officer for the department. He revealed that he never heard of JAMES H. MADOLE, nor had he ever heard of his organization.

Mr. EDWARD SNOW stated Mr. WALLACE SNOW, his immediate assistant and General Eastern Freight Agent, was recently transferred from Boston to the New York Division; that he has been with the railroad for a great number of years, leaving merely during war time to take an appointment as a full colonel in the Army Transportation Corps.

Mr. WALLACE M. SNOW advised that he also had never heard of MADOLE and his organization. After some conversation with him, he stated that if his memory served him right he did remember an individual who had a name somewhat similar to MADOLE who, many years ago, was a brakeman or conductor on the New York Central System, somewhere near Troy, New York; it was his belief that perhaps the man he knew was the father of JAMES H. MADOLE and as a consequence young MADOLE, knowing of SNOW, might be using his name.

AT BEACON, NEW YORK

The following investigation was conducted by Special Agent VINCENT E. LOUGHLIN at Beacon, New York:

Special Agent LOUGHLIN was advised by JOHN O'DRISCOLL, 35 Liberty Street, Beacon, New York, a nephew of Sergeant SAM WOODS, of the Beacon Police Department, that he grew up with JAMES MADOLE, of 224 East Main Street, Beacon, New York, who is national director of the ANIMIST PARTY.

O'DRISCOLL stated that MADOLE is about 19 years of age, graduated from Beacon High School with him, and is presently employed by SIDNEY BLUMENTHAL textile concern, 1200 Broadway, New York City. O'DRISCOLL advised that MADOLE corresponds with the COLUMBIANS, a recent organization, the head of which, one LUMBUS, was indicted recently, and other organizations of such character and nature. MADOLE also advised O'DRISCOLL that he attends organizational meetings

of the old German-American Bund in Yorkville Casino, New York City. On June 7, 1947 MADOLE advised O'DRISCOLL that he was going to Philadelphia to attend a meeting of all the national groups. According to O'DRISCOLL, MADOLE advised him that he intends to get other Fascist-minded groups together for fundamental help and aid to do the spade work for these other groups since these groups, such as the SILVER SHIRTS, etc., are now too well known to make any progress. He eventually intends to form a political party and to get control of the country through the political ballot.

The Animist Party, according to O'DRISCOLL, was anti-semitic, anti-negro and stresses the racial purity of the aryan. MADOLE, according to O'DRISCOLL, also claims to have financial backing from a Mr. SNOW, an executive of the New York Central Railroad. O'DRISCOLL advised that while in high school MADOLE wrote a number of essays which were severely criticized by his teacher, Miss FISH, who thought they were very Fascist-minded. O'DRISCOLL advised that MADOLE has constantly attempted to make him a recruit of the organization but that he has constantly argued with him regarding his line of thought and also while in high school stood between MADOLE and many of the younger students whom MADOLE attempted to recruit for this organization and tried to persuade to follow his line of thinking.

O'DRISCOLL concluded by advising he would keep in touch with MADOLE and would endeavor to obtain additional information. He was specifically asked to ascertain from MADOLE what contribution was made to MADOLE's organization by Mr. SNOW, of the New York Central Railroad.

A review of the indices of the New York Office revealed that on October 18, 1945 Special Agent WILLIAM C. LEONARD, of the New York Office, was advised by Chief of Police JESSE DINGEE, of the Beacon, New York Police Department, that VERNON BOWLES, 43 Grove Street, Beacon, New York, had information concerning a movement which was afoot among students of the Beacon High School.

Mr. BOWLES advised on contact that the leader of this movement, which was known as the YOUTH OF AMERICA, was one JAMES H. MADOLE, 224 East Maine Street, Beacon, New York, a student in the senior class in the Beacon High School. According to Mr. BOWLES, his son visited MADOLE's home on October 17, 1945 with IRVING HEINE and BILLY KROSS, two other high school students and returned to BOWLES' home with a notebook containing information concerning the YOUTH OF AMERICA. From this notebook BOWLES determined that the YOUTH OF AMERICA is also known as the ANIMALIST YOUTH CORPS. The boys in the club are known as the REX YOUTH CORPS and the girls are known as the HARLITH GIRLS CORPS. The groups are for boys and girls between the ages of ten and fifteen years. It was also determined from the

notebook that the group advocated the abolition of Congress as a unit and as a substitution for it a group of ten young men and ten young women, which group would be known as "The Supreme Council". In addition, the creed advocated that no Communist would be allowed to hold any office in the nation. It was noted that the members of the group said that Animalism was the only correct form of government and that all other governments were run by Communists and Jews. The creed also said that the members would gladly die rather than betray their trust to the Party or the Narlith.

The following is for the information of auxiliary field offices:

JAMES H. MADOLE, 224 East Main Street, Beacon, New York, is national director of the ANIMIST PARTY. He is a clerk, 19 or twenty years old, who has stated that he has had correspondence with GREEN of the KKK; he claims to have the backing of the SILVER SHIRTS and ROSECURIANS but that their support is only a voting support, inasmuch as the purpose of the ANIMIST is to form a fourth party in 1952. His platform is as follows:

"The ultimate destiny of man lies in the stars". He believes in unity between labor and management, disputes settled by Impartial Labor Tribunal; Radioactive isotopes to be released from government control for use in treatment of cancer and skin ailments; Nine years training course for future national office holders, elimination of political machines and party politics, all to be replaced by trained and able leaders; protection of the Christian faiths against enemies within and without; ten year reconstruction project to bring about ultra-modern homes at \$30 per month rentage; elimination of inefficient bureaucracy; students to be trained only in subjects pertaining to their chosen profession; self supporting government.

Reference made to report, instant matter, by SA JAMES E. TIERNEY, JR., dated at New York, 8/18/47, where information was set out after a check of the indices of the New York Office. This information was obtained from a letter written to the Director January 11, 1946, entitled, "YOUTH OF AMERICA; ANIMALISM; REX YOUTH CORPS; MARLITH GIRLS CORPS; MISCELLANEOUS; INFORMATION CONCERNING", which letter is referenced in the report of SA TIERNEY, 8/18/47.

In the letter to the Bureau 1/11/46 there was a great deal more information set out concerning the YOUTH OF AMERICA which was obtained from a check of the New York indices. Reporting agent felt there was nothing to show that the other references on the YOUTH OF AMERICA set out in the letter were identical with the YOUTH OF AMERICA with which MADOLE was connected.

The purpose of this letter is to advise as to the reason why the additional information was omitted from the report.

that he had been in contact with JAMES H. MADOLE, leader of the ANIMIST PARTY, on numerous occasions and that MADOLE continued to pump propaganda into him regarding the aims of the ANIMIST PARTY. O'DRISCOLL advised that MADOLE has no organization or following in Poughkeepsie. He stated that to his knowledge, the ANIMIST PARTY has no active membership and exists on paper only. He stated that MADOLE continues to correspond with other radical Nationalist groups throughout the country and hopes to effect an incorporation of all these organizations into one National Party. O'DRISCOLL stated that MADOLE seems to have the idea that inasmuch as he is not well known he would be the logical choice as leader of this National Party inasmuch as the leaders of all these other various Nationalist groups have received widespread publicity which has not been favorable to this cause.

O'DRISCOLL advised that MADOLE does not seem to have any original ideas and continues to be violently anti-Communist and anti-Jewish. He stated that MADOLE has never had any meetings of the ANIMIST PARTY and that the extent of meetings attended by MADOLE consisted of small meetings in hotel rooms of the leaders of these various Nationalist groups.

In reference to MADOLE's former school teacher, Mrs. FISH of Beacon, New York, O'DRISCOLL advised that he attended Beacon High School with MADOLE and that Mrs. FISH was an outspoken critic of MADOLE's essays proclaiming them to be of a Fascist nature. O'DRISCOLL advised that Mrs. FISH would not be in a position to supply any other information concerning MADOLE's activities since she has not followed him since his graduation from the Beacon High School.

In reference to GORDON VAN VLACK, O'DRISCOLL advised that he is a second-rate artist about eighteen or nineteen years of age who lives in Newburgh, New York. He described VAN VLACK as a rather weak character whom MADOLE visits merely for the purpose of pumping propaganda into him and having a good listener. O'DRISCOLL advised that VAN VLACK lived in Beacon up to about five years ago and that after he moved to Newburgh, his father became a member of the Newburgh Police Force. At the present time he believed that Mr. VAN VLACK operated a bus in Newburgh.

According to O'DRISCOLL, MADOLE advised him that on or about August 15, 1947 one KERT MERTIG, described as second in charge of the German-American Bund, will visit him in Beacon. MADOLE also intends to participate in a parade of Nationalist groups through the garment center of New York City sometime in the near future.

The following literature was seen in MADOLE's apartment by O'DRISCOLL:

NY 105-1064

1. Pamphlet entitled "Germania Delenda Est?" published by FCF LeBlanc Company, 155 East 86th Street, New York City, and written by FREDERICK CHARLES F. WEISS.
2. Pamphlet entitled, "Hearings Before the Committee of Foreign Relations, United States Senate, 80th Congress, First Session on S938," a Bill to provide assistance to Greece and Turkey.
(Also statement of Mrs. AGNES WATERS, Washington, D. C. which statement, according to O'DRISCOLL, is apparently very anti-Jewish.)
3. Pamphlet entitled "Judaic and Communism vs Christian Americanism" by MARILY R. ALLEN, P. O. Box #2243, Salt Lake City, Utah.
4. Pamphlet entitled "America Forever - God Made Me Free," by MARILY R. ALLEN.

O'DRISCOLL was asked what MADOLE's military status was during the war and he advised that MADOLE was not accepted for military service inasmuch as his line of reasoning was not considered satisfactory for one serving in the Armed Forces.

In conclusion, O'DRISCOLL advised that he himself considered MADOLE to be a "crackpot" and he visited with him primarily to sit back and enjoy listening to MADOLE become excited as he attempted to pump his propaganda into him.

FLO GOLDSTEIN, Secretary to the Sales Manager, SIDNEY BLUMENTHAL & COMPANY, 1400 Broadway, New York City, stated that she believes that MADOLE is a "crackpot" and in her opinion stupid. She arrived at this conclusion due to her observations concerning MADOLE's mannerisms and conversations. She revealed that he reads a number of books, which in her opinion she considers "queer." As a result of the reading of these books she believes MADOLE has developed a number of his theories which he has memorized from the contents of these different books. During business hours when in conversations with other clerical employees he spouts his theories as though he has memorized them word for word. He appears to her to be constantly in a daze and very peculiar in his general mannerisms. She concluded by stating that she treats him as though he were a fool.

Mr. V. G. THOMAS, Personnel Manager, SIDNEY BLUMENTHAL & COMPANY, Main Office, 1 Park Avenue, New York City, advised that MADOLE has been

NY 105-1064

employed for approximately one year by their concern. Mr. CLARK, the Assistant Credit Manager of SIDNEY BLUMENTHAL & COMPANY was discussing with his brother-in-law the need of a young man to be a clerk in their concern. His brother-in-law, who is employed in one of the larger insurance companies told CLARK that there was a cleaning woman in that organization who had a son who might be able to fill the job of clerk.

MADOLE was interviewed by THOMAS' assistant, Mr. E. C. HOUSEMAN, who supervises employment at the branch office, 1400 Broadway, New York City. THOMAS advised that MADOLE seemed satisfactory and was hired and to date his work has been satisfactory although he has been slow and must be shown things in detail.

HOUSEMAN has told THOMAS that he has heard that MADOLE is interested in a fourth party nomination concerning which he had no specific information but did hear MADOLE on his vacation traveled to Indiana to make some sort of an address. It was believed that this address was in furtherance of his nomination.

From a perusal of his work record it was ascertained that MADOLE was born on July 7, 1927 at New Bedford, Massachusetts. His father's name was JAMES MADOLE but he is now deceased. His mother's name is Mrs. GRACE MADOLE. The only additional information of interest revealed that MADOLE graduated from Beacon High School on June 30, 1946.

JOHN J. THORNTON, Claim Examiner, B.M.T. Railroad, 385 Flatbush Avenue Extension, Brooklyn, upon interview stated that he had never heard of anybody by the name of JAMES MADOLE nor is he interested in any movement such as a fourth party movement which is supported by MADOLE. THORNTON stated not only does he not know anyone by the name of MADOLE living in Beacon, New York but he has no acquaintances or relatives in that town.

The following investigation was conducted by the writer:

AT FARGO, NORTH DAKOTA:

N. G. GROSZ, Secretary, Fargo-Moorhead Retail Credit Association, made available records reflecting that WALTER DUNKELBERGER JR. has been purchasing his home at 1443 Fourth Avenue South, Fargo, North Dakota since 1938 and has been employed as a projectionist at the Isis Theatre in Fargo, North Dakota for many years under the management of S. DIETZ and presently receives a monthly salary of approximately \$225. This information also reflects that DUNKELBERGER was employed as a projectionist in Fargo as early as 1935. DUNKELBERGER married one LORRAINE HENDRICKSON of 613 8th Avenue North, Fargo, North Dakota on July 2, 1935 and has four children. The credit records also reflected that in 1944 DUNKELBERGER owed \$848 in outstanding local accounts and had a very slow credit rating. In 1947, according to this information DUNKELBERGER was buying a small printing press with which he hoped to do a job of printing during his spare house such as circular printing for neighborhood stores. DUNKELBERGER was at Northwood, North Dakota in 1937, according to the records. His father, WALTER B. DUNKELBERGER, Sr. resides at 1001 College Avenue, Fargo, North Dakota and since 1918 has been employed by the Northern States Power Company and is presently in charge of the equipment and supplies for that company. His credit rating likewise was very slow.

LLOYD G. JESTER, Chief of Police, and WALTER OLSON, Captain of Police, advised that to the best of their knowledge DUNKELBERGER was not engaged in any activities in Fargo in connection with subject party. The Fargo Police Department records were checked with negative results regarding DUNKELBERGER.

Captain OLSON advised that about two years ago the Fargo Forum Newspaper printed an article regarding DUNKELBERGER reflecting that DUNKELBERGER had a collection of books regarding witchcraft and related subjects. These informants advised that DUNKELBERGER led a quiet life and his activities were unknown to them.

The Fargo Forum Newspaper printed at Fargo, North Dakota in its Sunday morning edition for July 22, 1945 carried a feature article including a photograph of DUNKELBERGER. This article stated that the officers and a handful of members of the National Fantasy Fan Federation were meeting at Fargo, North Dakota.

St. P 105-149

on July 22, 1945 to plan the future policy of that organization. WALTER DUNKELBERGER of 1443 Fourth Avenue South, Fargo, North Dakota was listed by this article as the Secretary-Treasurer of instant national organization and also served as Editor of the Fanews which was one of several publications sponsored by the Fantasy Fan and was the official organ of the national group. E. EVERETTE EVANS of Battle Creek, Michigan was listed as President of the organization and others present at instant meeting were ARTHUR SAHA, who formerly was from Hibbing, Minnesota and on that date was enroute from Los Angeles to New York, WALTER COSLET of Helena, Montana and K. MARTIN CARLSON and wife from Moorhead, Minnesota, and ROY POETZKE of Lidgerwood, North Dakota and DOUGLAS HARDING of Winnipeg. This article stated that DUNKELBERGER was host to instant meeting. The article continued by stating that Fantasy Fans are devotees of magazine and book lore about the supernatural, weird, super-science flights into unknown future, witchcraft and black magic, horrendous and macabre yarns. The article stated that most fantasy fans are collectors of fantasy type pulp magazine fiction and that DUNKELBERGER has many sets of out-of-print dime magazines which partly make up his valuable collection and also 1,000 volumes of books on fantastic subjects, 100 original drawings, sketches and oil paintings made to illustrate fantasy magazines. This article also state that DUNKELBERGER was serving his second term as the national secretary of this organization and had attended the national convention in Chicago in 1944 and corresponds with 600 to 700 brothers in the phase of fantasy including men in New Zealand, Australia, Canada, Africa, Great Britain and elsewhere. This article also states that DUNKELBERGER is a member of the National Amateur Press Association and the Fantasy Press Association, the latter organization being devoted exclusively to the Fantasy field. The article stated that DUNKELBERGER's wife, LORRAINE, also shares DUNKELBERGER's interest in fantasy, her interest being chiefly in the art work and illustrating material for publications that DUNKELBERGER issues. Instant article continued by stating that the National Fantasy Fan Federation is an exclusive group of 500 persons in the United States and has many local groups, the Chicago group is known as the Windy City Vampires, the New York organization is known as the Futurions and the Battle Creek, Michigan group is known as the Galactic Roamers, and the Los Angeles group is known as the Los Angeles Science Fantasy Society. The article also stated that DUNKELBERGER himself was in 1945 when this article was written interested in searching for information regarding pre-historic peoples of the world not with the anthropologist interest in skull measurements but to seek out the thought pattern of those peoples, according to this article. This article contained no further information regarding DUNKELBERGER's activities.

S. D. DIETZ, owner and proprietor, Isis Theatre, Fargo, North Dakota, advised that DUNKELBERGER has been employed since November 1, 1937 as a projectionist at the Isis Theatre and is presently so employed.

St. P 105-149

DUNKELBERGER purchased a small printing press in the early part of 1947 which he uses to earn additional funds by doing small printing jobs for several local business establishments in Fargo. For several years DUNKELBERGER has been purchasing his home at 1443 4th Avenue South in Fargo, according to DIETZ, and in February, 1946 had \$254 in back payments due on his house and this amount the informant advanced to DUNKELBERGER. DIETZ further stated that DUNKELBERGER's finances have been in bad shape for many years and he apparently is not capable of living within his income, and purchased instant printing press to augment his income. DIETZ advised that DUNKELBERGER seems to be quite immature and boyish and is quite strongly anti-English and somewhat critical of our Government, but could not be listed as a radical individual or one who did not believe in our form of Government. DIETZ stated that in his opinion DUNKELBERGER has a good mind, reads widely and is well versed in astronomy, but stressed the fact that he has not paid much attention to DUNKELBERGER's conversation in view of the fact that DUNKELBERGER appears to be quite immature. DIETZ advised that he has been in DUNKELBERGER's home and observed that he possesses a large collection of books regarding weird and fantastic subjects and has been involved in some sort of a fantasy club which occasionally meets at DUNKELBERGER's home after his working hours close at 11:00 o'clock at night. To the best of the informant's knowledge DUNKELBERGER's activities are confined to the Fantasy Club and has no known activities in connection with the subject party. As additional background information, DIETZ advised that as a youth DUNKELBERGER played in the band which made a tour of the Orient. During the past war, DUNKELBERGER also wrote numerous letters to servicemen from the Fargo area.

MILDRED DIETZ, 1402 9th Street, advised that she is the daughter of S. D. DIETZ and his personal secretary at the Isis Theatre and further advised that DUNKELBERGER is a very satisfactory employee and has no known activities with the subject party, and has no information to the effect that subject party is active in Fargo. MILDRED DIETZ further advised that for the last four or five years DUNKELBERGER has been extremely active in the National Fantasy Fan Federation and was a national officer in this organization. She advised that he was the type of an individual who was intensely interested in this organization to the exclusion of most other interests and has a large library consisting of fantasy books and does a tremendous amount of reading in that subject. MILDRED DIETZ agreed with her father that DUNKELBERGER is a very bright and capable young man but is not a practical type of an individual and who did not impress the informant as being a serious radical. She also stressed the fact that DUNKELBERGER was very immature and youthful in his general outlook of life and was not particularly radically inclined.

St. P 105-149

S. D. DIETZ and MILDRED DIETZ were reinterviewed by the writer and advised that on September 27, 1947 DUNKELBERGER mailed about two large boxes of letters which he had stated contained printed matter. DUNKELBERGER did not state whether this was in connection with the National Fantasy Fan Federation but the informants assumed that it was in connection with instant organization since he quite regularly sends out large quantities of mail. They advised that they would attempt to obtain the nature of the literature being mailed by DUNKELBERGER.

A. H. PARROTT, Registrar, North Dakota Agricultural College, furnished records reflecting that DUNKELBERGER enrolled at instant college in September, 1931 and on March 11, 1936 graduated with a B.S. Degree in education with a C plus average grade. DUNKELBERGER had majors in Industrial Arts-Engineering, Physical Science, Education, Music, Mathematics and a minor in English and Public Discussion. The records showed that DUNKELBERGER had served as a high school principal at Northwood, North Dakota during 1936-1937 school year. He had graduated from the Central High School at Fargo in June of 1931 and while at college DUNKELBERGER had been a member of the college band, Mens Glee Club, Engineering Club, American Institute of Electrical Engineering and had been in three college plays. The informant advised that DUNKELBERGER since graduation has not maintained any known contacts with the faculty and students and also advised that subject party and other youth movements were not active on instant campus.

ROBERT M. DOLVIE, Dean, College of Engineering, North Dakota Agricultural College, advised that DUNKELBERGER had been registered in the Engineering School during his Freshman and Sophomore years but although quite bright had lost his interest in engineering and was lazy and changed to another course. DOLVIE advised that DUNKELBERGER had no known radical tendencies, was not a leader type, but was an interesting talker and put on a fairly good front. DOLVIE also advised that DUNKELBERGER has maintained no contacts at the college and subject organization is not active at this school.

DUNKELBERGER's description was obtained through investigation and is set forth as follows:

Recorder of Deeds Office, document number 13211853, is "to publicize the Gentilesthe general way of life, Gentile business ethics, Gentile educational standards and Gentile Christian beliefs. Also to encourage Gentiles to boost worthy fellow Gentiles by working in close cooperation to boost Gentile business establishments and Gentile professional men and women, to boost Gentile products, to encourage among Gentile Cooperative Association members through publicity in the Gentile News and other channels to work closely together because of their greatness in number, in the purchase of war bonds. Be patriotic on the home front as well as in the armed services, truly Christian in their religious beliefs, be active politically to the end that our country may best be served, be insistent upon high educational standards, be civic minded enough to be a credit to all communities, be active as an industrial and trade association among Gentiles, be responsible to charitable needs as required to sustain Gentile beliefs and responsibilities in humanity."

On February 16, 1944 a complaint was filed by the Attorney General GEORGE F. BARRETT of the State of Illinois on the grounds that the corporation exceeded its corporate powers as a corporation and directed its efforts against persons and corporations who were not Gentiles.

On January 2, 1945 an order revoking the corporate charter of the above organization was made by Judge GRABER of the Superior Court of Cook County, Illinois. EUGENE R. FLITCRAFT at that time stated that the organization will continue to operate as an unincorporated organization and will appeal the decision of the Superior Court to the State Supreme Court.

On January 23, 1946 the Illinois Supreme Court reversed the order entered above and remanded the case for a rehearing. The Supreme Court held that the order was entered erroneously against separate defendants in violation of the Civil Practice Act of 1937. The file indicates at that time the Gentile News was being published by EUGENE R. FLITCRAFT as an individual owner and that since that time he has continued to publish this monthly magazine with a mailing address of Box 288, Oak Park, Illinois.

The indices reflect that information received concerning the officers of the above mentioned association has not indicated them to be disloyal to the United States but has indicated that they were anti-semitic in their attitudes.

Reference is made to the closing report of SA JAMES E. TIERNEY, JR. dated December 22, 1947, at New York, in the above entitled case.

It is believed that investigation to date has revealed the identity of the leaders of this organization as well as pertinent information with respect to its plans and current functions.

No attempt is being made to interview JAMES H. MADOLE, inasmuch as it is believed such an interview will not develop any additional information nor will it produce any positive result that would further enhance this investigation.

No additional investigation will be conducted by this office unless the Bureau advises to the contrary.

The Indianapolis Office was advised by teletype dated December 20, 1947, to discontinue investigation or to submit a report if investigation has been conducted, inasmuch as the case is being closed. The lead in the New York Office to determine the identity and background of Mr. BERNARD, an importer at Dobbs Ferry, is being disregarded.

This case is being closed subject to being reopened if information is received by this office showing that the activity of this organization has either grown in scope or deviated from its original purpose and plan.

advised that MADOLE is no longer employed by their firm since November 7, 1947 because Mr. EUGENE BLUMENTHAL, through a source that is personally known to him but unknown to HOUSEMAN, ascertained MADOLE's connection with a political organization, which activity the company feels is against their policy. Mr. HOUSEMAN stated that BLUMENTHAL is Secretary of the company and an attorney with offices in the midtown area.

At the time that the company had decided to dismiss MADOLE, MADOLE had written a telegram to the company, advising them that he had taken sick and was laid up with asthma and would not be able to appear at work for some time. Blumenthal & Company immediately advised him by telegram that his employment was terminated because of a "slow up" in business and as he was one of the latest employees employed by them, he would naturally have to be one of the first ones to be dismissed. The informant stated he did not know whether MADOLE was presently employed.

He went on to say that he had generally heard of MADOLE's political activity from other employees and through MADOLE himself but that he was unable to ascertain just what the nature of this activity was. He did reveal that MADOLE had not endeavored to get others to join his organization but had talked about its aims to them and had shown them certain papers and pamphlets which were either published or acquired by MADOLE in this political activity.

HOUSEMAN related that MADOLE had never explained the purpose of the organization to him. He did know that MADOLE spent most of his leisure time and non-working hours in an endeavor to promote his organization.

Miss GLORIA DIETZ, 1400 Broadway, New York, New York, advised that she has not had any conversations with MADOLE concerning his political theories since the date of her last interview, nor has MADOLE written her since that time. She related that since the date of his discharge on November 7, 1947, she has not heard anything from or about him concerning his activities or whether or not he has been again employed. She concluded stating that he never again mentioned to her that he would like to have her write for his magazine and stated she had never heard that MADOLE intended to participate in a party of Nationalist groups through the garment center in New York City.

NY #105-1064

FREDERICK CHARLES FERDINAND WEISS, 327 East 97th Street, New York, New York, was interviewed in the New York Division. He stated he was born July 31, 1885 at Pforzheim, Germany, first coming to the United States from Dresden, Germany in July, 1930, returning once in 1931 for four months to straighten out some financial questions. He has not become a United States citizen and is presently endeavoring to straighten out his entry status with the Immigration and Naturalization Service, there being some question as to the legality of his stay here.

In August, 1942 he was interned by the Immigration and Naturalization Service, not as a political internee but as an Immigration internee, due to his entry status and the fact that he is still an alien.

While in the United States, he was in business for himself until approximately the last year, during which time he retired inasmuch as he is in poor health. He would open stores and then resell them at a profit in and around New York City. He stated that his wife's name is MARIE WEISS, nee URBAS, and that she is a citizen of the United States. He was married twice before the marriage to his present wife, his first wife being NATALIE KOLLMAR, born in Germany on August 17, 1887, whom he married January 21, 1909 in Pforzheim, Germany. He was divorced December 23, 1911, showing a certification to this effect. Herein it was noted that his father's name is FRIEDRICH WEISS and his mother, ANNA WEISS, nee GRUBER. He was again married in January, 1913 to MARGARETE FRANKE, being divorced from her in 1923. WEISS stated that although he is now retired, that he does some maintenance work at a home owned by Mrs. AMELIA SHIOTA, 156 Grand Street, White Plains, New York. He identified this individual as a person who formerly lived at the premises 327 East 97th Street, New York, New York, and with whom he and his wife became friendly, and that this woman, upon moving from these premises, purchased this domicile and has since been using it as a boarding house. WEISS says that he has some interest in it and consequently does the maintenance work on it.

He also advised that he has written two books which are small in nature and anti-Communist. The first was written in approximately 1945 and finished in January, 1946 and is known as "Quo Vadis America" and the second, entitled "Should Germany Be Destroyed" was finished in June, 1947. These books generally show that if Germany is destroyed and

NY #105-1064

taken over by Communism that America will suffer thereby. Consequently, all efforts should be made to preserve Germany and its culture.

Concerning these books, he stated that both together entail about eight thousand copies which he has furnished to prominent people free of charge throughout the country.

Sometime after July, 1946, WEISS received a letter from MADOLE, MADOLE stating therein that he had read "Quo Vadis America" and then explained in this letter the theories behind his party and requested that WEISS represent this party in New York City. At first WEISS, who was supposed to organize and endeavor to spread the doctrine and theory of the party and to get as many members as possible, thought if the organization was worthwhile, he would like to be connected with it, principally because he felt in this way he might be able to circulate the books he had authored. However, he advised MADOLE that he felt that he could not represent any political party as such, due to the fact that he was still an alien and secondly because his health would not permit him.

Approximately once a week MADOLE would write him and he would answer MADOLE. In these letters they discussed MADOLE's organization and theories, but MADOLE has never since offered to have WEISS represent him in New York City. He had a first impression that MADOLE was a much older man than he is from the way he wrote his letters and from his deep knowledge of philosophy.

WEISS related that about six months ago MADOLE came to his house with a man from Chicago named DONALD SHEA, SHEA having written MADOLE that he had intentions of hiring busses to go to Washington, D.C. so that they could protest at the White House against the omission of refugees into the United States. He, needing money for this venture, asked MADOLE where he might be able to obtain some and both came to WEISS' home, thinking he might be able to advise them along these lines. WEISS stated this was the first time he had actually met MADOLE.

After some conversation with SHEA, due to the poor manner in which he was dressed, WEISS concluded that SHEA was either a "bum" or a drunkard. He felt that SHEA did not know what he was talking about and in his ideas and thought, gave the impression that he was an utter fool.

NY #105-1064

WEISS advised that he would have nothing to do with SHEA or his ideas and so told MADOLE, who in turn agreed with WEISS concerning his conception of SHEA.

It was ascertained that SHEA, in any of his ideas, would not hesitate to use force or violence and WEISS advised that MADOLE was against force and violence of any kind. WEISS advised that since he told SHEA he would have nothing to do with his project of hiring busses to go to Washington, that he has seen SHEA once or twice since that time and has formed the opinion that SHEA endeavors to obtain small loans from individuals whom he can impress with his radical ideas and that his main purpose seems to be only to obtain these loans. He reiterated that MADOLE had nothing to do with SHEA after that first meeting, stating that SHEA had become so angry at MADOLE's attitude that he called MADOLE all kinds of names.

After their first meeting about six months ago, he advised that he has seen MADOLE approximately a dozen times, meeting him at a small cafe shop at 234 East 86th Street, New York, New York, it being WEISS' custom for approximately the last two years to drop into this cafe shop nearly every Thursday and Friday evening. He consequently had MADOLE meet him at this shop, where they discussed time and again MADOLE's theories and philosophies.

Approximately six weeks ago he made a visit to MADOLE's home in Beacon, New York, which visit was one of pleasure and one in which they again and again discussed MADOLE's theories. He last saw MADOLE about three weeks ago at a pre-arranged meeting in White Plains, New York. This meeting was arranged because MADOLE thought WEISS might be able to obtain a position for him, inasmuch as he is no longer connected with Blumenthal & Company. He told MADOLE that he was in no position to obtain any work for him, stating that that was an actual fact.

Concerning MADOLE's philosophy, he advised that it is a philosophy which believes that the power of the State should be stronger than it is at the present time, so strong that all influence of a Communistic nature could easily be prevented from operating or eliminated entirely in the United States, that his theory is one hundred percent nationalistic but by no means entails a State dictatorship a la Hitler, and that he desires

NY #105-1064

a State power somewhat similar to that which exists in the United States at present but in which the power would be somewhat stronger so that there would be no question of wiping out Communism. Further, it is MADOLE's conception that the Western culture as it exists in the United States, should be preserved and strengthened and that he is against any aggressive policy which threatens to overthrow this culture. He revealed that MADOLE's party and his political philosophy is not strictly anti-Semitic but is only anti-Jewish against those Jewish individuals who, because of their religious concepts, place their religion first and foremost over the State itself, but those Jewish individuals who can accept their religion and keep it apart from the power of the State, as far as MADOLE is concerned, can be and should be in collaboration with him.

He revealed that MADOLE is a sincere and honest idealist and that his organization merely exists on "paper", it having no members actively engaged in its activity. MADOLE constantly writes and keeps in touch with leaders of small groups throughout the country, which, according to WEISS, are groups made up of individuals who might be called rabble-rousers and so called reformists. Because they blame all economic ills in the United States to the Jewish race, they are all anti-Semitic. He stated that MADOLE thinks that some day he will be able to cause all these small groups to form one unit with himself as leader and that he will be able to convince them that their present theories are not intelligent ones and should be done away with and that MADOLE is so enveloped in his theories and doctrines that he believes that he can sway any individual or group to his way of thinking. WEISS agrees that most of the individuals MADOLE is trying to sway to his point of view cannot be so swayed.

WEISS revealed, because of the circulation of his books, many of these rabble-rousers, such as MAC FARLAND and MC KINNON, about whom investigation is being conducted, have communicated with him and he has met some of them. He stated that for the most part, all of them are not only anti-Semitic, but desire to make money out of their organization.

When asked about MADOLE's statements concerning his connections

NY #105-1064

with important Senators and Congressmen, WEISS revealed that MADOLE likes to brag about his important connections to make himself feel important and to have people believe that his organization is much bigger and stronger than it is, with the prime purpose in mind that if people believe it is a strong organization, they will be glad to join it. He advised that although MADOLE will brag about his connections, he will not lie about his doctrine and theory inasmuch as he is a firm believer in the doctrine that he preaches.

It is WEISS' thought that MADOLE's organization will never amount to anything. He bases his conclusion upon the fact that MADOLE is a tubercular and has not the physical stamina to head such an organization. Secondly, he is an extremely nervous individual, is a poor speaker and has no organizational ability whatsoever. In his correspondence with other political groups, he has been unable to gain any headway towards getting them to form one unit.

WEISS concluded stating that he recalled MADOLE having told him about a convention he was supposed to attend somewhere in the middle West, which is undoubtedly the convention to which MADOLE has referred to in the past. WEISS stated that he does not recall the name of the organization or its leader but that when MADOLE arrived in the midwestern town, he was unable to locate the leader of the organization or any officers in the town he had travelled to. He consequently returned to Beacon, merely having had a trip to this midwestern town and return.

The following investigation was conducted at Beacon, New York, by SA [redacted]. It was ascertained that the local Selective Service Boards formerly located in Beacon, New York, have now been transferred to Albany, New York.

Referenced Philadelphia letter, which was sent to the New York Office, set out the results of their investigation concerning W. HENRY MAC FARLAND, JR. This information is being set out below:

A review of the files of the Philadelphia Office fails to disclose a W. HENRY MAC FARLAND, JR., residing at 876 Granite Street, Philadelphia. However, a W. HENRY MAC FARLAND, JR., who is identical

NY #105-1064

with the above-mentioned individual, does reside at 1738 Brill Street, Philadelphia. It is known to the Philadelphia Office that 876 Brill Street Philadelphia, is the mailing address of the Philadelphia Christian Nationalist Committee, of which MAC FARLAND is Director.

The following information was furnished to the Philadelphia Office by Confidential Informant [] whose identity is known to the Bureau. The information of the Informant concerns meetings of the Blue Star Mothers which MAC FARLAND attended and at which he spoke. It should be noted that the Blue Star Mothers is an anti-Semitic, anti-Communist and anti-British organization headed by Mrs. CATHERINE V. BROWN, which organization is again under active investigation by the Philadelphia Office. The Blue Star Mothers, in the past, have sponsored rallies in Philadelphia at which such speakers as GERALD L. K. SMITH, AGNES WATERS and ELIZABETH DILLING have spoken. b7D

At the meeting of March 7, 1946, admission to which was by invitation only, and which was held at the Arcade Hall, 5039 Baltimore Avenue, Philadelphia, under the joint sponsorship of the Blue Star Mothers and the Christian Veterans of America, MAC FARLAND was one of the principal speakers. According to this Informant, approximately one hundred fifty people attended this meeting, and MAC FARLAND's main speech at this time dealt with the sale of his periodicals, "The Philadelphia Nationalist" and "The National Progress." Other speakers at this rally were Mrs. CATHERINE V. BROWN and GEORGE VOSE, National Secretary of the Christian Veterans of America.

MAC FARLAND also spoke briefly at another meeting of the Blue Star Mothers held on May 1, 1947, at Town Hall, Broad and Race Streets, Philadelphia, at which there were approximately four hundred people in attendance. His main topic again at this meeting was the sale of his periodical, "The Philadelphia Nationalist." The main speaker of the evening, according to the Informant, was GERALD L. K. SMITH, who pleaded for Christian Americans to awaken and abate the plague of Communism. SMITH also denounced the American Youth for Democracy and the Communist Party, which he said were responsible for picketing this particular meeting.

In the July 29, 1947, issue of the "Philadelphia Inquirer," a story was observed concerning the Philadelphia Christian Speakers Committee, which had held a closed meeting at the St. James Hotel, Philadelphia, on the

NY #105-1064

evening of July 28, 1947. According to the story, W. HENRY MAC FARLAND had, on July 18, made arrangements to use the Clover Room of the Bellevue-Stratford Hotel, Philadelphia, for a meeting at which GERALD L. K. SMITH was to speak. On approximately July 28, when MAC FARLAND contacted the Manager of the Bellevue-Stratford Hotel to complete payment on the Clover Room, he was advised that if GERALD L. K. SMITH was to speak, the hotel would not rent the room because they feared picketing, violence and possible bloodshed outside of the hotel.

According to this story, MAC FARLAND then went to the St. James Hotel, where he rented a room for the "Stevens Goodyear Sales Corporation " for the purpose of holding a business meeting. The change in the hotel arrangements created quite a stir in the Bellevue-Stratford lobby, and this commotion was brought to the attention of the newspapers, and news reporters, upon contacting MAC FARLAND, whom they identified as the editor of "The National Progress" magazine, mentioned that he was obviously riled by the frustrating turn of events. MAC FARLAND was quoted as saying, "We have been holding meetings twice a week up until now. Now let's bring this thing into the open. There is no reason why we should be persecuted by persons who themselves complain of persecution." MAC FARLAND is also supposed to have declared that his Philadelphia Citizens Speakers Committee would seek city permits to hold rallies at Reyburn Plaza and Independence Square in Philadelphia. Originally, GERALD L. K. SMITH was to be the principal speaker at this meeting, but he did not put in an appearance, and in his place the speakers were DON LOHBECK, editor of "The Cross and the Flag," a publication founded by GERALD L. K. SMITH, and W. KENNETH GOFF, National Director of Christian Youth for America, who called himself a reformed Communist.

Following is a summary of descriptive information obtained on MAC FARLAND from a review of the birth records and Voters Registration, Philadelphia City Hall, on September 15, 1947, by Special Agent BERNARD J. CONNEL, and also from information received from Confidential Informant

Reference is made to the report of Special Agent JAMES E. TIERNEY, JR., dated August 18, 1947, at New York City in the captioned matter, New York File #105-1064.

In connection with a current investigation of the National Blue Star Mothers of America, a group which is associated with the Christian Nationalist Movement, a trash coverage was placed on W. HENRY MacFARLAND, JR., 876 Granite Street, Philadelphia, Pennsylvania. This coverage has produced several pieces of correspondence received by MacFARLAND from JAMES H. MADOLE. The contents of one of these letters, dated August 23, 1948, are particularly significant, since the letter cites that "America is ripe for any form of fascism but not by any means for a religious revival or return to the Constitution." This letter infers that only methods comparable to those used by the NSDAP in Germany can be successfully utilized in the United States.

Photostatic copies of this letter are enclosed herewith for the attention of the Bureau and the New York Office.

ENCLOSURE

August 23, 1948

Dear Mac:

I have finally achieved a permanent job in New York City and on August 30th will purchase stationery for the National Renaissance League and begin our campaign. I feel well understand that it has been a long time but no action could be contemplated without funds to carry it through.

C. Daniel Kurt has visited me in Beacon several times since we last met and Mr. Weiss was here with several Germans. The business corporation can now be utilized once I have my stationery.

Here is the plan as we have worked it out.

A. Establish the National Renaissance League as an educational organization devoted to the education of the American people in the ways of Animism. You were absolutely right about not terming the movement a party though we must impress upon influential contacts the fact that this league is only a prelude to the future National Renaissance Co.

B. Turn out small circulars and pamphlets on current matters as related to Anarist philosophy as for example - 50,000 homes and jobs for DPS while Americans walk streets! I have several ideas for propaganda which should gain favorable reactions from the masses.

C. As soon as I have stationary, we must contact the business interests and send to them a representative of skilled technique. I will write to a list of forty business leaders and with your consent will arrange appointments for you to see them as the League's business manager. You will have a ten per cent commission on whatever you succeed in gaining from these interests.

D. Per the suggestion of Mr. Weiss, Anarism will stress the values of nation, race and culture. It will be far more fascistic in nature than the present nationalist groups.

You undoubtedly know that a great array of Nationalist groups and parties were present in Germany during the Hitler period. All these failed to achieve the slightest success until a new philosophy, i.e. National Socialism, entered the picture. Appeals to constitutional and monarchist factions were

See
all the
of the
19/20/48

useless, only the extreme radical Nazi group reached the heart of the masses. This was not done by preaching a republican or constitutional form of government but by a dynamic appeal to the innate lust for power, strength and racial glory inherent in the masses.

Only Homer Loomis came close to success in America by appealing to these same instincts whereas Gerald Smith, Winrod, Dilling and others have struggled for years without success, in fact without preventing the victory of the opposite. America is ripe for any form of fascism but not by any means for a religious revival or return to the Constitution. That is why big business does not squander money on such groups.

Another thing I have learned the hard way, we cannot waste valuable time trying to gain support of the so-called Christian Nationalists who are similar to the right wing German formations of 1919-1933. They are utterly useless for our purpose and spend their time in futile

argument among themselves.

We must hold outdoor meetings among the masses of the American people who are ripe for such an action. Raise dynamic appeals to them and they will follow us. Leave out the Jewish issue and term it the struggle between Marxism and the national (Aninist) viewpoint. Slowly expose the face of world Jewry behind Marxism but slowly so as not to terrify the people.

I am sending this special delivery as I would like the answer to two questions.

1. Can you be my guest in Beacon over the Labor Day weekend? Kurt and Mayer will also be here. If not satisfactory I will come to your place in Chilly. In all events I must see to plan for immediate action.

2. Can you arrange a mass meeting for the National Renaissance League in Ceyburn Plaza on a Saturday evening in September. Kurt will be with us and we can reach people. Can buy microphone cheap in N.Y. Please answer special delivery.

Your friend,

James H. Madole

Reference is made to my letter to the Bureau dated November 15, 1948, entitled, "ANIMIST PARTY - INTERNAL SECURITY-X," a copy of which was forwarded to the New York Office.

As an enclosure to this letter, there was submitted on the above date to the Bureau and the New York Office, photostatic copies of a letter written by JAMES H. MADOLE to W. HENRY MacFARLAND, JR. In this letter MADOLE cites that, "America is ripe for any form of Fascism." The original copy of MADOLE'S letter was forwarded to the Detroit Office on December 8, 1948 in the case entitled, "GERALD LYMAN, KENNETH SMITH - INTERNAL SECURITY-X."

[] furnished to the Philadelphia Office on February 4, 1949 another letter written by MADOLE under the date of January 16, 1949, to MacFARLAND. This letter was written on the stationery of the National Renaissance Party, which has its Philadelphia Headquarters at 876 Granite Street, Philadelphia, and which address is MacFARLAND'S residence. This letter refers to the Countess Tolstoy Case and to certain letters she has written to Philadelphia. The contents of these letters have not come to the attention of the Philadelphia Office. However, since Mrs. KASENKINA, Russian teacher who jumped out of the Russian Consulate at New York City, had some association with Countess Tolstoy, it is believed MADOLE'S reference to Mrs. Tolstoy may be of interest to the Bureau and the other offices receiving copies of this letter. For the above-mentioned reason, photostatic copies of MADOLE'S letter of January 16, 1949 are being forwarded to the Bureau and to the New York and Detroit Offices.

Though I did not receive your letter until Saturday night, of the previous week to this, I was the Penn. Stationmaster's Office to meet Lowd and Kurts at 1:20 P. M. and did not see you there. Was unable to answer your letter last week due to an attack of Chickenpox, we had an epidemic in Beacon, which kept me confined till last Friday. On July 22, 1949 the Nationalist Action League held a meeting at the Whittier Hotel, 140 North 15th Street, Philadelphia, Pa. This meeting was attended by [redacted] Evening Bulletin, Juniper and Filbert Streets, Philadelphia. According to [redacted] JAMES H. MADOLE, Director, National Renaissance Party was a speaker at this meeting. The following is quoted from the report made by RIGGINS:

"The crowning achievement of the meeting was JIMMY MADOLE. He is a real vicious --- Quite a master of subtle sarcasm with an Irish (?) accent. He is near six feet tall and very thin. Light brown hair parted on side, receding high forehead, deep-set long angular nose, thin red lips around a wide mouth full of white teeth, sunken cheeks and receding chin. This joker wore a brown (Khaki) shirt and a black four-in-hand tie, grey pants.

"He told of the Bronx meetings, how they were heckled by a mob of Jewish War Vets, how a Bronx resident NR Party member and speaker at the meeting named BURK, pushed a Jew and was put in the cooler, 'where he may now be for all I know.'

"He said that the high point of the movement was the old Christian Front and that some of the old leaders, JOE MCWILLIAMS and a guy named WELLEN were back on the firing line. They know how to handle the Jew, said he. No use talking. We've been talking for ten years and where did it get us. MCWILLIAMS knows jujitsu and has cauliflower ears. What we need in Philadelphia is 1,000 able-bodied ex-servicemen to back up MacFARLAND. Then you will be ready for 'Action.' I'm not advocating violence here tonight. You're not ready for it here in Philadelphia. We are ready on a small scale in New York City.

Letter to Director

"He's going to hold a monster meeting in the heart of Yorkville, New York City, next month and going to recruit a thousand or two German-Americans. Then they will be primed for action.

"No don't get the idea violence is anti-Christian, said he. Christ used violence (a whip) to drive them from the temple. We ought to get enough to 'March down there' (meaning obscure) and clean the whole works up. MADOLE quoted HINDENBURG but I remember it imperfectly -- something to the effect that the enemy's greatest aid is the indifference of the little man.

"He told of brushes his men had (physical violence) with the Jewish pickets outside the A & P. I assume it was the headquarters or a store in New York City. Jews picketed for FEPC. They never knew what hit them until one happened to be in the police station when he and BURK were requesting permission for another meeting. After that a Jewish gent from the National Better Business Bureau sent them a letter requesting a lot of silly information. They're still waiting and will wait quite a bit longer for a reply."

In addition, pamphlets entitled "Program of the Nationalist Renaissance Party," "Nationalist Renaissance Bulletin," and "The Race Question and the Tolerance Racket" were made available to this office. Photostatic copies of these pamphlets are enclosed herewith for the attention of the Bureau and the New York Office.

ENCLOSURES TO BUREAU:

NATIONAL RENAISSANCE PARTY
INTERNAL SECURITY - X

PH 105-392

The American Negro is an innocent dupe of this Marxist racial minority due to the circumstances of his poverty, poor schooling, etc. Nonetheless the filthy tenements, butcher shops and loan establishments in Harlem are owned in the main by Jews, who unmercifully exploit the Negro while pretending to be his friend. It is no accident that Negroes have to rent out beds in shifts to pay the rent on some of these tenement flats. While teaching brotherhood the Jew practices the very exploitation of the Negro of which he accuses the White race.

The following solution to the race question is strongly advocated by the National Renaissance Party:

1. With all due respect to both the Caucasian and Negro race we must realize that an impenetrable barrier exists between them which is the primary cause of friction. This barrier is exploited by the Jewish Marxists to the end of mongrelizing both races. He preaches racial intermarriage but his race has the strictest taboos against it. There is no beauty in a sickly, pink-eyed albino or a mulatto, no triumph for either Negro or White man. No man would want one of these travesties of fate for an offspring.

Since the Negro can never be assimilated with the white race, we should do all in our power to gain for him a national home, Liberia, where a land grant has already been obtained for American Negroes who wish to own their own land, free from exploitation. Colonists are wanted and are requested to contact at once the Universal African Nationalist Movement Inc., 100-2 West 116th St., Liberty Hall, N. Y. C.

2. That racial pride and purity must be restored in the American youth once the false, foreign inspired Marxist doctrine masquerading as liberalism has been torn, root and branch, from the soil of America.

3. The racial minority which created Communism and uses it as an instrument to destroy loyalty, racial and family pride and morality must be rendered impotent to do further damage.

The Race Question and Immigration:

In our study of the race question, one more vital factor must be considered, namely, that of immigration. Since the year 1933, our immigration barriers of alien races, wisely erected by the founding fathers, have been lowered to the extent that our entire economy and moral code is in danger of collapse due to the steady infiltration of collectivist minded, predominantly Jewish, immigrants. Our whole culture is in grave danger of collapse due to the slow poison injected into our minds and souls in the name of tolerance and anti-discrimination policies.

To solve this problem we must ban further immigration to Jews, who now have a national homeland and no longer have excuse for flooding the refugee market. We must greatly increase the number of immigrants from Northern and Central European nations, those nations which produced our original pioneer stock. We have quite enough pawn-brokers and are in dire need of more ambitious workers and scientists.

To sum up, what we need is more men to serve the stars and stripes and less to serve the star of David.

This pamphlet has as its purpose the task of awakening the American people to the real enemy within our gates, the native born Marxist who masquerades himself beneath the false cloak of liberalism. This brochure will prove to the soft-hearted but gullible American people that the very forces which preach the loudest in behalf of racial equality are the same forces which seek to create vicious and revolutionary class hatred in the United States with the ultimate aim of creating a Communist revolution in America. That racial minority which conducts fund raising drives for Negro equality is the very racial minority which exploits the poverty stricken Negro in Harlem. "With these preachers of equality will I not be mixed up and confounded. For thus speaketh justice unto me: "Men are not equal."—NIETZSCHE.

62-83296-13

The Enemy Within:

With the advent of the New Deal administration in 1933, a dark cloud of perverted idealism crept like a malignant cancer over the face of America. The majority of Americans being native born, some with families reared in this nation for generations, failed to compare this malignant corruption of individuality, loyalty and morality, with similar events which had transpired in Europe. Most Americans are noted for their sense of fair play and are most gullible to pleas for aid from a supposed underdog. Consequently when it was pointed out by both domestic and foreign sources that the New Deal Socialist regime was engineered, fostered and financed by a certain racial minority, the same revolutionary minority who had led and financed the horrible butchery of the Russian Revolution, what was more natural than using the cry of persecution to protect this same vicious and incorrigible minority. If ever the American people should realize that Marxism and this racial minority were one and the same, factors would arise which would lead to the same results as were made manifest in Germany and Italy where Hitler and Mussolini restored their respective lands and economies to the German and Italian people after driving out the money changers.

In every nation, including Russia, where Communism has taken over the reins of government, the discontent breeding revolution has been sown by this one racial minority. While accusing Fascists, Nazis, Reactionaries and Conservatives of racial hatred, this one minority has sown the vicious seeds of class hatred, stirred up Negroes against Whites and encouraged the mongrelization of all pure Caucasian, Negro and Asiatic blood. There were no cries of intolerance, no picket lines of workers incited by fanatic orators preaching the overthrow of private enterprise and the right to own private property for your wife and children, no huge tax programs which drained the country white before this vicious minority came to our shores, seeking hospitality after being kicked out of Europe by an aroused and irate citizenry.

The National Renaissance Party stands for a new freedom, the freedom from interference in the affairs of sovereign states by conniving revolutionary elements of this racial minority which, while condemning Hitler for annexing Austria and the Sudetenland which were predominantly populated by Germans, itself seized lands belonging to the Arab States. In this case of outright aggression, the Israelite aggressors were championed by the New Deal leader, which their funds and power had placed in office.

Zionism and Communism:

At this point we should like to prove conclusively to even the most gullible American who likes to think of himself as a liberal that these two philosophies were originated by the same racial minority and both are treasonable to this Republic. I wonder what these same Liberals said when Nazi swastika flags were flown side by side with the American flag. Did they object? If so why do they not now object when the Jews who are far more of a minority than the Germans, openly flaunt the Israeli flag beside the stars and stripes. All these so-called Liberals attacked the pan-Germanism of the Bund but none do aught but praise the endless procession of Jewish pressure and fund raising groups for Palestine, a foreign State seized by open aggression from nations who were officially at peace with our government.

If aggression can be laid at the feet of the German people, certainly it can be equally placed at the feet of the Jews. The National Renaissance Party has never indulged in anti-semitism as a political device nor for the purpose of hysterical ranting but we feel obligated to take a stand on treasonable activities by any group or race. Any one who takes the time to attend a Communist rally will see that the speakers are predominantly of one race.

To sum up the connection between Zionism and Communism and the motivation of each by this one minority we will give you a few quotations from members of this racial minority who pose as the messiahs of world liberalism, equal rights for Negroes, etc.

Angelo S. Rappaport, "The Pioneers of the Russian Revolution" London—1918, pg. 250.

"The Jews in Russia, in their total mass, were responsible for the Revolution."

"The Maccabean" Jewish Zionist organ, New York Nov., 1905, under the title "A Jewish Revolution."

"The revolution in Russia is a Jewish revolution, a crisis in Jewish history. It is a Jewish revolution because Russia is the home of about half the Jews of the world, and an overturning of its despotic government must have a very important influence on the destinies of the millions living there and on the many thousands who have recently emigrated to the other countries. But the revolution in Russia is a Jewish revolution also because Jews are the most active revolutionists in the Tzar's Empire."

Scholem Asch in "Golos Rossi"

"The slightest shaking of the Soviet regime would mean death for the Jews."

The above statements from the tract "Key to the Mystery," should cause even the most tolerant to do a little research, if our professional Liberals will come down from their pedestals long enough to remove their rose-colored spectacles.

The Race Question Conclusions and Solution:

In conclusion, to sum up our discoveries, we must admit that World Marxism or Communism is the product and instrument of one particular race. Just as National Socialism was the creation of the German people erected as an effective barricade against Marxism, so Marxism is the creation and instrument of the Jewish race. They freely admit this fact so why should we hesitate to state it openly? The great mass of Russian people are not Communists, nor are Lithuanians, Poles, Hungarians, etc. Anna Pauker, Communist leader of Romania is a Jewess as are the ruling clique in Russia and the countries behind the Iron Curtain. Only when we awake to these facts, can we cease fighting with vague shadows whom we term Communists. Tear away the veil and there stands revealed before you, the Jew.

sat back in the easy chair. Her stupid neighbors were soon living in pig sties while she lived in comfort. How like the foolish neighbors, our own great America is.

The National Renaissance Party represents no interests except those of the American nation, a party that fights for three fundamental principles, for the reestablishment of American national strength and the removal of all influences of a subversive, immoral or international nature, for the annihilation of the principle of majority, of half measures, and the restoration of the principle of authority and the genius of individual leadership. If this movement comes to power in America, internationalism, democracy and pacifism will vanish, the era of cowardly submission, self degeneration and immorality will be at an end in this nation and the American people will rise in righteous fury and rend their betrayers and despoilers.

Throughout history, it was never democracy that created values but individuals, democracy did, however, contribute to the ruin of individuality. Only a fool would think that the mass can replace the great accomplishments of the individual. A nation's greatest treasure lies in its capacity to produce and maintain individual genius. A single genius can do more for a nation than billions in capital. Of course the Jews who founded democracy symbolize all greatness in the dollar bill and well they may, for their percentage of genius in the arts and sciences is extremely low.

If America has declined in the past three decades it is because of the perversion of our will to power and progress by manipulations of puny, inferior parliamentary politicians who have sold their peoples and souls to the racial minority bloc. Every miserable bill to dissipate our national resources enslave our people to an international world state and mongrelize our best blood has been put through Congress. By now, with the exception of a few men, who still hold the right to be called men, that Internationalist Bedlam down at the end of Pennsylvania Avenue has renounced forever the right to call itself an American Institution serving the interests of the American people.

The intellectual elite form the representative leaders of this nation, as was intended by the Constitution, and certainly never the parliamentary politician who is the product of the ballot box and

thinks only in terms of votes. The constructive development of this nation through the intellectual elite will take years and the intelligent education of our people will take decades.

Program of the National Renaissance Party

★

The National Renaissance Party is devoted to a renaissance of American culture and a resurrection of the American people. The philosophic doctrine of our party is known as Animism—a socio-political doctrine based on Alexander Hamilton's concept of an American Republic dominated and governed by the best minds of the nation or the intellectual elite. The present inroads of Communist theory in America are due solely to the false concept of democracy, which has permitted racial minority pressure groups to force their will on the political rabble in Washington. To maintain a job a politician must have votes and since the racial minority groups, who foster Communism in all nations, vote in a unified bloc, they can buy the votes of our parliamentarians in Congress and State legislatures.

It is utterly useless to look for last minute aid from the divided social clubs and discussion groups of the conservative Republican party. These dignified, elderly gentlemen have left the field, sadly disillusioned after our last election which they hoped to win by the use of old line political hacks against the crusading fanaticism of a militant social philosophy, Communism. Tens of thousands of the American youth were won over to Marxism and the program of New Deal Socialism through lack of a counter philosophic doctrine to augment their faith in their nation and race. Rest assured that flag waving, Sunday school lectures and political wind bags, whose capacity for downright lying is seldom excelled, will never set the American soul aflame with crusading fanaticism and love of America, only a new doctrine will suffice.

ANIMISM vs. DEMOCRACY!

Basic issues involved: Collective vs. Individual Enterprise; Collective vs. Individual Genius!

If the uneducated mass or minority is able to govern we have fulfilled the philosophic concept of Communism as founded by Karl Marx. Do you wish every individual move and decision to be determined by the will of the majority?

The inherent weaknesses of democracy are as follows:

1. The politician to retain his job must reject all sincere convictions and obey the dictates of a national minority, the American voters.

These votes are concentrated in the industrial heart of America and are dominated by a pro-Marxist racial minority through a controlled press and radio. Hence democracy is rule by a racial minority who are nonetheless a political majority because they all vote and we don't.

2. The false doctrine of racial and individual equality:

The purpose of the mass of a people is to create individual genius. The false doctrine of Marxism leads people to believe that all races and individuals are equal. If this were so, no individual could hope to attain greater success, either for himself or his children, than that of the majority. All competition would die out for absolute equality implies lack of competition.

Instead of being an all powerful, self sustaining nation, democracy has undermined the basic foundations of our nation and made us a satellite and supporter of Europe and Asia. The Marshall Give Away Plan has drained us of a high percentage of our national wealth and that arch parliamentary manifestation of New Deal Socialism, Harry S. Truman, plans to admit several hundred thousand D.P. scavengers from Europe and Asia to grow fat on jobs rightfully belonging to American workers. Not to be outdone, with a wary eye on the Jewish New York vote, parliamentarian Thos. E. Dewey suggested we each take a D.P. into our home until they get settled, notwithstanding the fact that 50,000 homes and jobs have been set aside for the exclusive use of D.P.'s. American veterans don't rate in comparison to the bearded ex-jailbirds and

undesirables from Europe. Of course our senile politicians promise us freedom of our homes but the masters of our Congressional sheep herd want to bring about this glorious symbol of racial equality.

THE ANIMIST DOCTRINE:

We are the arch opponents of pacifism because we know that states or individuals survive only by strength and not by diplomacy.

We hate the decadent social doctrine of democracy because we recognize that the intellectual elite represents at all times the best in our people and the leadership in all fields must rest in their hands. The mass or majority was never designed by God to direct the destiny of any nation or enterprise.

We despise with an undying hate the Marx inspired doctrine of internationalism because the laws of God and Nature teach us that racial pride and purity as well as the authority of a leader are able to lead a nation to the glories of cultural progress and national strength.

What is the goal of Animism?

Our goal is that the American people shall again gain honor and conviction, that it shall again bow in homage before its own history and heroes, and shall curse and destroy that race which damaged its honor.

Secondly, once our people have learned of the moral and physical fetters cast upon them in the name of democracy, and have been brought again to the realization of the necessity of authority and leadership, we will wake them from the false Semitic dream of democracy, and lead them to an Aryan-Anglo-Saxon world of culture, responsibility and recognition of duty on the part of the American individual.

Thirdly, we shall save America from its parliamentary betrayers by destroying the false belief that we should become a satellite and supporter to that world poor-house, known to the New Deal boys as the United Nations. The American people must recognize that its future will not be moulded through belief in the help of others but through faithful devotion and perseverance to our own national tasks. The U.N. is much like the housewife who organized a local guild of her neighbors wives to clean her house every weekend while she

Atheism and immorality stand entrenched in Europe and Asia. From the Elbe River in Germany to the Yangtze in China, a curtain of darkness has closed over the world. Nonsensical talk by doddering old politicians, poking around for votes in the political grab bag, will not solve our problems. Democrats and Republicans alike have shown their utter incapacity to erect a philosophic antidote to Marxism. These two antiquated parties are good only for harping over petty political questions which matter not one iota in the global scene.

We must decide whether or not we want a strong Germany or a Red Europe. The only nation ready and able to defend the European continent is Germany and there would be no Red monster looming on the horizon today had it not been for New Deal chicanery at home. France and England cannot by their own admission, even with American aid, stem a Red drive to the English Channel. The small nations of Belgium, Holland and Luxembourg have not enough manpower, even when combined, to stop even one of the mighty Red armies. Falangist Spain, who would gladly join with us in the defense of Europe, has been consistently attacked by the so-called liberal press, and hence kept out of a military alliance with us by our Washington bureaucrats, who keep watching the voters register which they find infinitely more interesting than the gleam of Communist bayonets poised along the Elbe.

Let us face facts once more, Germany is our sole hope of survival in Europe, she is the last bulwark of Western Culture and Christian civilization, hence she is deserving of our support against Russia. From a moral viewpoint, we owe her a debt for the deceit fullness of our New Deal regime, which is still flooding the world with American resources.

Official organ of the National Renaissance Party devoted to Animism, a philosophy based on the values of individual personality, private enterprise and government by the intellectual elite.

"Democracy means drift, it means permission given to each part of an organism to do just what it pleases, it means the lapse of coherence and interdependence, the enthronement of liberty and chaos. It means the worship of mediocrity and the hatred of excellence. It means the impossibility of great men—how could great men submit to the indignities and indecencies of an election? And how can a nation become great when its greatest men be unused, discouraged, perhaps unknown? Such a society loses character—not the superior man but the majority man becomes the ideal and model."

—Nietzsche.

American Industry Under Attack as Last Obstacle to a Red America

THE Marxist and so-called liberal press have opened a continuous barrage of class hatred against American industry and the private enterprise system. Their actions follow closely the tactics of their cohorts in Europe following World War I. With sinister intent these pseudo-liberals have infiltrated the American trade union movement and are using the might of our once free trade unions as a battering ram against the nation's top ranking business leaders. This is nothing new and follows out identically the pattern used by German Marxists after the defeat of Kaiser Wilhelm's armies.

The Marxists well know that American private enterprise backed by the strength of our top ranking corporations is the last bulwark of strength left in America. Already we have a mild Socialist regime in power in Washington. The New Deal, led by the usual conglomeration of starry eyed world savers and crackpot economists, has led this nation into a tremendous national debt, been responsible for leading us into war

62-83296-13

and destroying the only strong anti-Communist coalition in Europe, and now is draining us dry of resources to support that world poor house, the United Nations.

The Republican Party has become a camp follower to the New Deal as was clearly shown by Thomas Dewey and his long campaign of complete silence on vital issues. Politicians can be bought by the racial minority vote which is concentrated in our major industrial centers and this racial minority voting bloc is predominantly Marxist as every election since 1933 has clearly demonstrated.

The National Renaissance Party takes the stand that only a new philosophy which will place intelligent leadership, men with business ability and American know how, at the helm of the State can hope to save our nation from falling into the Red abyss which grows nearer with every passing day. All our citizens, workers, employers, veterans and housewives stand to gain by taking action. At stake are our homes, churches, moral codes and freedom.

National Renaissance Party Opens Fight for New York!

For the first time since Father Coughlin's "Social Justice" suspended publication, nationalist literature was distributed freely on the streets of New York City in large quantities. The scene was the Waldorf Astoria during the Communist Cultural Rally where members of the National Renaissance Party in collaboration with the newspaper "Common Sense", an excellent anti-Marxist publication of Union, New Jersey, handed out over 10,000 copies of literature. Earlier another 1400 copies had been distributed in front of Carnegie Hall. Many of those accepting the literature were visibly pleased, but many believed us to be Communists due to the fact that Nationalists have been totally absent from the streets of New York for at least seven years. We were greeted by many shouts of praise and many passers by stopped in their tracks to help us hand out the bundles of literature. This just goes to show what Americans will do when we bring the truth to them and join in the battle for the streets.

Following the Waldorf distribution, a meeting was held in Union, New Jersey, addressed by both James H. Madole, the National Director, and William J. O'Brien, sales manager for "Common Sense" and the "National Renaissance Bulletin".

Again at the Loyalty Parade, another 10,000 copies of literature were distributed to eager New Yorkers. Plans are being laid to expand this service into a weekly project at the earliest possible date. In all events, the opening shots for the battle of New York have been fired.

A Strong Germany or a Red Europe?

The New Deal regime not only wrecked this nation's economy, it also led us into World War II and wrecked the only force on the continent of Europe which Red Russia had reason to fear. It is argued by many that we were forced to fight in World War II to defend the continental United States from armed invasion. The facts prove conclusively that Germany was placed in an intolerable position by the Roosevelt regime. Let us examine the facts.

1. Roosevelt declared the Lend Lease Act while a state of complete neutrality existed between the United States and the German government. This was a direct breach of trust by the Socialist minded New Deal, enacted while the great majority of Americans were demonstrating for peace. Let us look at the situation from another angle. Let us suppose that the United States had been at war with England. At the thickest part of the fighting, Germany, a supposed neutral, starts to ship guns, tanks and planes to our enemy on credit. To top this off we may suppose that fifty destroyers are handed over to our enemy just as she is about to collapse. Just reverse the situation and the tragic irony stands out. Would American parents want their boys to die from weapons forged by a supposed neutral and placed in the hands of our enemy.

Even with this outright provocation Germany refused to attack this country. Alarmed at their failure to invoke America in the war, the New Deal leaders dreamed up another gem and ordered all American vessels, neutral mind you, to fire at Axis vessels on sight. During this entire period the Roosevelt regime maintained its hypocritical neutrality policy while continuing to ship all the weapons of war to England and Red Russia. Certainly any fair minded American can see the justice of this case. He need only look at the world today, to prove conclusively to himself exactly who benefited from World War II.

This is a story of a young man's Fuehrer, who is trying to organize a nationalist and racist group. The story of how he lives, how he works.

Newspapers recently carried accounts of a "swartzer broy" who had "shifted" James H. Madole, leader of the Nazi-like National Renaissance Party, claiming before a Philadelphia audience that he had helped organize the riots at Paul Robeson Peekskill concert. He reportedly said:

"I was very proud to have a part in organizing it."

"It was 3,000 veterans against 12,000 Jews... and 3,000 veterans against 12,000 Jews is enough."

Learning that Madole lived in Beacon, N. Y. (pop. 12,000), 20 miles above Peekskill, I went looking for him. Inquiries in downtown Beacon produced no one who knew him. The city directory, however, listed a Mrs. Grace Madole at 222 E. Main St., a large white frame house part way up Mt. Beacon. This was it.

Thin, Anemic and 22

Madole turned out to be a thin, anemic-looking boy of 22, who suffers from chronic asthma and cannot stand too much excitement. On seeing him, you instantly feel that this wispy fellow did not organize the Peekskill "lynchings." At most he might be a dreamer. He did. Madole actually seems to be in a trance. His eyes are glassy and when a question is asked suddenly, his eyes snap downward and his head bows sideways.

We sat in the living room of an apartment he shares with his mother. It is a clean, airy shabby place, heated by a coal stove, equipped with a chair, a sofa, a card table and with anti-Semitic tracts and books. On a desk in the corner is a book titled "The Science Fiction of the Future." On the desk is a book titled "The Science Fiction of the Future." On the desk is a book titled "The Science Fiction of the Future."

"I tell you, the people are not satisfied with the church. They want to the church."

The Pumblechook's idiotically satisfied eyes would stare more idiotically than ever. He nodded solemnly. And Joe, feeling the flaxen curls on the sides of his wild face, and looking helplessly at Mrs. Joe out of his light blue eyes, would help Pip furtively to gravity as a secret consolation.

Pip's favorite refuge in the evening was in the chimney corner behind Joe's leg, which he held there protectingly. "When your father is on the rampage, Pip," Mr. Sargery whispered at such times, "candor compels for to admit that he is a buster. But, Pip, she is a fine figure of a woman."

In the daytime, when Joe's protection was wanting, Pip resorted to the graveyard, the bleakest spot in all that bleak marsh country, forever haunted by creeping ghosts from the nearby sea.

It was here that he first attained the conviction that Philip Pirrip, Late of This Parish, of Georgiana, Wife of the Above, were dead and buried, and that he himself was a small bundle of sinners growing suddenly afraid of the churchyard and the mists and the marshes.

He began to cry. "Keep still, you little devil, or I'll cut your throat!" cried a terrible threat. A man started up from among the graves; a fearful man, all in coarse gray, with a great iron on his leg; a man with broken shoes and an old ragged around his head; a man who had been soaked in water and smothered in mud, who limped and shivered.

"Who are you and where do you live? Quick!" said the man, his teeth chattering from the cold. Pip told him, trembling, and begged him not to cut his throat. "That depends," said the man. "You bring me here tomorrow morning early, a file and some vittles. You, do it, and you'll be a man."

Through the black hours that followed Pip lay awake in mortal terror—terror of the fearful man with the ironed leg, and terror of himself, who, under an artful promise, was about to rob Mrs. Joe and begin his career toward the dreadful flocks.

Before dawn he stole to the pantry and took a great supply of food and drink. Then, having abstracted a file from the forge, he ran through the gloom and the fog to the churchyard.

The man was there, shivering as if he had not left off all night. He fell on the food like a beast, devouring different things all at once. Only for one instant did he cease to ask: "You're not a deceiving imp? You brought no one with you?"

"No," said Pip.

"Well," said the man. "I believe you. You'd be but a fierce young hound indeed if at your time of life you could help hunt a wretched varmint, hunted as near death and dunghill as this poor varmint is."

There was a queer sound in his throat, and he drew his ragged, rough sleeve over his eyes. Pitying him, Pip said: "I am glad you enjoyed the vittles."

"Thankee, my boy, I do," said the man, looking at him with something softened in his savage eyes. "Thankee."

He crammed the remnants of the food into the breast of his rough coat and fell to filling madly at his iron. Pip told him timidly that he must get back home, and receiving no reply, ran away. He stopped after a while in the mist and heard the file still going.

In an agony of fear he watched his sister's preparation for dinner that afternoon. Company had been invited, and Pip's heart almost stood still when Mrs. Gargery at last approached the larder. Just as he felt he could not endure it, and must run away, there came a knocking of grounded gun barrels outside.

Through the windows he beheld a file of soldiers. Their sergeant entered and held out a bank of redoubtable savagery.

He Wants to Be Fuehrer

By HARRY HENDERSON

This is a story of a young man who dreams of being America's Fuehrer, who is trying now to unite all the anti-Semitic, nationalist and racist groups in the East behind him. This is the story of how he lives, how he works, and how he got that way.

Newspapers recently carried accounts of a "swaggering, brown-shirted" James M. Madole, leader of the ~~Nazi-like~~ National Renaissance Party, claiming before a Philadelphia audience that he helped organize the riots at the Paul Robeson Peekskill concerts. He reportedly said:

"I was very proud to have had a part in organizing it.

"It was 3,000 veterans against 12,000 Jews . . . and 3,000 veterans against 12,000 Jews is enough!"

Learning that Madole lived in Beacon, N. Y. (pop. 12,000), some 20 miles above Peekskill, I went looking for him. Inquiries in downtown Beacon produced no one who knew him. The city directory, however, listed a Mrs. Grace Madole at 222 S. Main St., a large white frame house part-way up Mt. Beacon. This was it.

Thin, Anemic and 22

Madole turned out to be a thin anemic-looking boy of 22, who suffers from chronic asthma and cannot stand too much excitement. On seeing him, you know instantly that this wispy person did not organize the Peekskill violence. At most he might have dreamed he did. Madole actually seems to be in a trance. His eyes are glassy and when a question is asked suddenly, his eyes turn downward and his head jerks sidewise.

We sat in the living room of the apartment he shares with his mother. It is a clean, airy but shabbily furnished, heated by an oil stove, equipped with a few chairs, a sofa, a card table laden with anti-Semitic tracts and such "Fascist Tales" and "Satanic Mysteries" as "The Secret of the Blood" and "The Secret of the Blood."

he was the leader of the National Renaissance Party which, he said, stood for government by the "intellectual elite."

He speaks very rapidly. From time to time his hand smooths his hair. His eyes do not look at you but glassily stare beyond you. When he's about to make a point, his eyes gleam. After he has made it, a sly smile crosses his face. He walks in a stiff, jerking manner, holding himself "so erect that sometimes he is leaning backward."

When I asked if I could bring up a wire recorder from my car, he seemed rather pleased. His eyes gleamed every time he spoke into the microphone. Most of the following story is based on the wire-recording and on subsequent talks, including a second visit at which his mother was present.

When I brought up the Peekskill riots at the first visit, he seemed both frightened and proud. I said the papers had reported that he claimed in Philadelphia to have helped organize the riots, was that true?

"Well . . . a few of our fellows (members of the National Renaissance Party) may have been there, but I can't make any definite quote on that."

Has he been subpoenaed by the White Plains Grand Jury investigating the riots?

"No reason to be. Not a person can say I was in Peekskill and not a person can say any friend of mine was in Peekskill."

A Different Version

Later he gave me a different version of how he came to claim credit for the riot violence. He said it was all McFarland's fault—meaning William H. McFarland, head of the ~~Fascist~~ Nationalist Action League of Philadelphia and whom Madole recently made Pennsylvania director of his National Renaissance Party.

"McFarland put out these hand-

bills to get publicity. He thinks he is the greatest guy in the world at getting publicity—used to work for the government—so he put out these handbills about Peekskill. I went there [to Philadelphia] to state the aims of the National Renaissance Party and found it was supposed to be about Peekskill. So I had to say something about Peekskill. That is the second time McFarland has done that to me," he said somewhat bitterly.

The handbills read: "Hear the story of the Red riot at Peekskill, as told by Mr. Madole, whose group helped hold the Reds in check!"

McFarland seems to have taken advantage of the fact that Madole lived near Peekskill in the hope of attracting a larger crowd and contributions.

Madole says his NRP is derived from "animism," a philosophy he developed himself, which is based on "values of individual personality, private enterprise, and government by the intellectual elite." He attacks democracy as "rule by the ignorant mass," and rejects the "liberal democratic line," which he calls "the general idea of breaking down all forms of racial pride and the general idea of mongrelization of the races."

The United Nations reflects "pa-

cific internationalism, and any animal which becomes pacifistic will be destroyed." His program calls for destruction of democracy and trade unions and sending American Negroes to Africa. He is a violent anti-Semite.

'The Best Scientific Minds'

He believes "animism" would create a scientific society ruled by the best scientific minds, and "no layman can vote on a scientist." On a more practical, immediate level he is for private enterprise, the open shop, reindustrialization of Germany and Japan, friendship with Spain.

Altogether his "animism" is a strange mystical combination of all the fascist, anti-Semitic, anti-democratic superstitions and myths that Hitler concocted, plus some new ones about science that Madole has contributed. Accompanying all this is a fierce puritanical concept of sex and women, and he talks indignantly of sex organs, pornography in movies and racial inter-marriage.

He often speaks of his program as being a "renascent capitalist program for a capitalist America." He believes industry should be organized into monopolistic trusts so that "small industry will not be crushed in depressions." Some-

At one point he slyly pointed out: "I've never attacked Big Business." Later he attributed failure of other nationalistic, fascist leaders to "their attacks on Wall Street. They do not realize that they cannot succeed without Wall Street." He admitted he does not have any big industrialist backers yet, but he quite obviously hopes to attract such financial aid, much as Hitler did in Germany.

Circularized Red Trial Jurors

Madole told me that when the names and addresses of the jury panels for the trials of the 11 Communist leaders were published before the trial, he sent each prospective juror a copy of his anti-Semitic, anti-Marxist "National Renaissance Bulletin"

Every few weeks he holds street corner rallies in Christian Front neighborhoods in the Bronx and in Yorkville. Twice banned by the police, he claims the ban was lifted by intercession of a Congressman friend. He tries to appeal to veterans, although he is not one himself. He claims 145 members in the Bronx. In Yorkville he has picked up some of the old German-American Bund membership through the co-operation of Kurt Mertig, head of the pro-Nazi ~~Zeitschutz League~~. In Queens he has acquired the remnants of the Christian Front through C. Daniel Kurts, its former director. In Philadelphia, he claims 300 members, former followers of the fascist Nationalist Action League. He also claims members in the deep South, particularly in Atlanta.

Parents Separated

Madole uses the U. S. mails to distribute anti-Semitic and nationalist tracts, bundles of which he receives from various nationalists for resale. Some of the material he imports from Sweden and other foreign sources.

This would-be Fuehrer was born in Brooklyn. His father and mother (Continued on Magazine 15)

ther separated when he was quite young. Of his father, who was French, Madole says only: "I don't know whether he's alive or dead." His asthma developed in Brooklyn and his mother moved to the Bronx in the hope that a less congested area would help him. It did not and finally, 10 years ago, she moved to Beacon, believing the mountain air would aid him.

Meanwhile she continued to work as a clerk for a New York life insurance company, putting in five hours a day traveling. She leaves home at 6:30 a.m. and does not return until after 7 p.m.

Studied Astronomy

Kept weak and thin by his asthma, left alone most of the time, James had no friends and few opportunities for making them. Tired from work and travel, Mrs. Madole seldom went out, made few friends. They depended on one another for friendship and companionship, went walking in the nearby mountains on weekends. James had no religious upbringing so that there was no opportunity for him to make social contacts in church. At school he kept to himself. According to other Beacon boys, "you couldn't make friends with him."

For a while he studied astronomy avidly in his lonely leisure time, then chemistry, setting up a laboratory in their apartment until the odor of the chemicals became unbearable. Out of his scientific interest came his dream to

German Americans! The National Renaissance Party and its director James H. Madole fought for you and your loved ones in Germany. Invest three cents and place your protest with the Police Commissioner. We fought for you, you fight for us.

APPEAL TO PRO-NAZIS is strong in throwaway of Madole's National Renaissance Party.

create a "scientific" society, ruled by the intellectual elite.

Mrs. Madole is tall, gray-haired, with a distracted air and the same nervous habit as her son of turning the head downward and to the side when spoken to. She highly approves of James' political program and is a rabid anti-Semite, expressing her hate in more emotional tones than James, sneering at "kosher" meat markets and blaming the Jews for all that's wrong with the world. Until I met her, I could not discover where James had picked up his anti-Semitism which, unlike his mother's, is rationalized as "scientific."

After graduation, he went to work in New York City for a textile firm. When I first talked with him about it, he said, "It got to be too much. It was a boring job, just writing down orders all day, and what with the commuting it was too much. Besides, it only paid \$32 a week." At this time he began to contact nationalist groups and began to send out his own anti-Semitic literature. His Jewish employers learned of his anti-Semitic activities and fired him by telegram.

Became a Full-Time Job

He turned then to working full time at his hate program. He got mailing lists from other pro-fascist, nationalist leaders, most of whom have been interested for a long time in consolidating their scattered forces. I asked how they received him: "Most of them looked upon animism with favor. I mean, they'd pat me on the back and say the future belonged to me and that sort of thing. Most of them realize their programs will never work and that they are too old and so they are ready to go along."

I asked him about Gerald L. K. Smith. "Ah," he said, "he always drags religion in. I don't, and besides I sometimes think he makes too much of a business out of his ideas."

What did that mean? "Well, so far I have received nothing but price lists from him."

He comes into New York fre-

quently to see friends like John Howland Snow, author of the "The Case of Peter Kent," which is a pro-fascist explanation of the Kent case. Kent, a U. S. embassy clerk in London during the war, was convicted of being a Nazi intelligence agent. "You have to write to Snow, care of Grand Central Annex. He won't give his address. You always have to meet him in a restaurant."

Smythe Doesn't Qualify

I asked if he knew Edward James Smythe, leader of the Protestant War Veterans and now under indictment in Newark for mail fraud. "I would hardly consider that man an example of the intellectual elite," he replied. He maintains close relations with Mertig and with C. Daniel Kurts, a Christian Front leader, although he doesn't know much about the intellectual elite, I fear."

Sometimes Madole visits nationalist friends in Chinatown. He believes that the National Renaissance Party could help Chiang Kai-shek's government, adding that "they are well-financed."

On my second visit, I asked if I could take his picture. He refused, said he would not co-operate any further. "I have talked to my friends in New York and . . . well, the first time, that's over with, but I will not co-operate any more."

One reason he did not want his picture taken is that he sometimes goes snooping around the offices of liberal and democratic organizations, such as The Society for the Prevention of World War III. The only photograph available is reproduced on one of his leaflets. It had been retouched to strengthen the jaw line, nose and mouth; only the glassy eyes remain the same.

When I left, he warned that if I said he had organized the riots at Peekskill, he would sue. I found him dressed up in the khaki army shirt and black tie he wears when he speaks at street rallies. I asked if he was going to speak somewhere. "No," he said, looking happily at his mother, who happened to be home that day. "I just have the fun times on today."

STEIB handles the printing for these people...SCHMIDT...HALDER and several
women... There were two newcomers:
STANLEY, grey bushy hair, a round chubby face, 60 years, 5'8" and
MR SMITH, 52 years, 5'7", 150 pounds, wrinkled red face, narrow chin,
wears glasses. Reporter knows Yorkville very well and attended the early
Nazi meetings here.

"The meeting started at about 8 pm with half of the people present, the re-
maining members coming at 9 pm. Although numbers are few the significance
attached to them is that the men appearing here are activists, have some
personal adherence and will line up with the coming street meeting, May 25th,
more of which will be reported below:

"SPEAKERS: MERTIG...TITTMAN...MADOLE...STANLEY

"MERTIG as usual spoke for more than an hour. His talk concerned the Jews and
the Jews and the collections for 250 million dollars all of which is being
used for propaganda; they control the press, the judiciary and the President
of the United States by way of DAVID NYLES. 'But the President of the U.S.
is nothing but a bankrupt haberdasher, he is nothing but a son of a bitch,
a Pendergast gangster who established himself a reputation by collecting money
from Kansas City whore houses.' The President of the United States was called
an S.O.B. three times by Herr MERTIG, who fearing that no one would hear him
screamed it at the top of his voice. The balance of his speech was devoted to
a eulogy of General Douglas MacArthur and accusations against General Marshall
as being a stooge for the Jews. 'Marshall married a Jew and made that Hungarian
Jew Mrs. Rosenberg, who is a Communist, the Head of our Defense Department.';
and then he concluded by eulogising himself as a martyr and as a legal consult-
ant for the unfortunate Germans (meaning people awaiting deportation on Ellis
Island). He was framed, he stated, by the Sanhedrin and spent five months on
Riker's Island.

"A.O. TITTMAN read from the Congressional Record concerning his testimony
before the Immigration Committee. He insists that most all of the
DP's are Communist Jews. 'Where I live in Kew Gardens hundreds of big
apartment buildings were built. Who do you think occupies those buildings?
White men? Christians? No! Jews! The lowest of the low - Polish and
Hungarian Jew refugees.'

"STANLEY delivered a five minute talk: This is a Christian country that was
made by Christians. We don't want those minorities and pressure groups to
tell us what to do--Out with all the Jews...MacArthur for President -
was his concluding plea.

"JAMES MADOLE didn't waste any time and stated his position very quickly as he usually does: There are 20 million people in this country and we must get rid of them. There is no place for those people. They must go to the block. It is our life or theirs. We have got to wipe them out and then import 20 million nordics to take their places. Now, who are these 20 million people! They are Jews, niggers and Puerto Ricans. The Jews claim that Hitler killed 6 million of them. That is a lie. They are all in this country right now. Just go to Seventh Ave. in the 30's about noon time and you will see them, the filthy dirty kikes speaking the German language. We must do away with them. The rest of his speech was devoted to an attack on

"ALFRED WOHLBERG 'that dirty sheeny who tries to tell us Christians where we can speak.' His letter to Catholic churches telling about the Renaissance Party is not going to stop us. MONSEIGNEUR LAGNEY (phonetic) is with me. I spoke at Cardinal Hayes High School, at the Church of the Nativity (2nd Ave. between 2nd and 3rd sts. NYC) and at Bronx churches. Catholic youth groups are with us. TISCH, Jr. was supposed to be here this evening but his exams held him up.

"The Renaissance Party is your party. This Party stands for a White America and for the Corporate State. We stand with PERON, with MALAN (so. Africa) and with the resurgents, the reactivated Nazi party in Germany and Austria. And with a growing Renaissance Party we will lead you to victory.' No one of the speakers tonight mentioned Communism, nor did they attack it. The Renaissance Bulletin (encl) for April-May, 1961 is herewith enclosed. "Common Sense" #138 published by COMPTON MCGINLEY at Union, New Jersey which issue was completely written by MR. BENJAMIN P. FREEMAN, a renegade Jew who supports MCGINLEY, was distributed to those present. The meeting was over at 11 pm. It was informal, one man introducing the other; 12 dollars was collected.

"STANLEY states that he had spent 10 years in India and there he learned that the Aryan race came from India. Christ was an Aryan. STANLEY then returned to New York in the late 1920s when he started a school to teach Americans all about the Aryans and for this he was attacked in the N.Y. SUN. But the 'SUN' had to apologize. STANLEY claims he is leaving in a few days for the middle west and that Kansas City is one of the towns where he expects to deliver lectures on the KIKES.

"James MADDOLE then came on to deliver his attack on the Jews and to re-sell HITLER, the Messiah, to Yorkville. MADOLE insists in his speech that the Jews must be exterminated and ploughed under to fertilize the earth, the earth which the Jews have despoiled. He then read from HITLER's book, MEIN KAMPF. MADOLE insisted that this book is the greatest book that has ever been written. 'Hitler is the Messiah'! This epitomizes MADOLE's talk. He then went on to speak of TISCH, Jr., with whom he will soon call a national convention of patriotic Americans. Concluding his talk, he made mention of the Neo-Fascist Convention that was held in Malmoe, Sweden, and which had been reported in the press here Sunday, May 13 and Monday and Tuesday. He said: I will try to contact them. I am the one man they will need. The meeting was rather informal. It was later said by MADOLE AND KURT MERTIG that both of them will get in touch with friends in Sweden to learn more about this Malmoe meeting, and we assume from this in order to effect some kind of cooperation.

"They did not mention nor advertise DAN KURTZ's meeting to be held in Queens May 25th but we do know that KURTZ is expecting to receive from one or more of these people some help towards his street meeting, and in connection with that street meeting I have also learned that PETER XAVIER is a probable speaker for May 25. XAVIER, formerly of Hicksville, L.I. author of a book called ARISE AMERICA, a collaborator with CONDE MCGINLEY of Union, N.J. and G.L.K. SMITH of St. Louis and California, was recently let go by the Army. He had been distributing subversive material throughout his stay as a Corporal in a Jersey camp and then a Delaware camp.

"DAN KURTZ (KUDELISKY) claims to have distributed and mailed over 22,000 of the leaflets advertising his meeting. I gave you that leaflet and I have just had a look at the big placard he has had printed and in placing in windows and other spots to advertise his meeting. KURTZ has been a great exaggerator, to say the least. However, he does carry with him a printing bill for \$50 plus.

"The latest issue of the DAYTON INDEPENDENT (Dayton, Ohio) which I haven't seen and for which paper many subversives have written articles, is said to carry a half-page article by DAN KURTZ in which KURTZ writes that he is the leader of the Christian Front, 18,000 strong, and that his meeting will be held in Queens on May 28 under the auspices of THE NEW YORK STATE ANTI-COMMUNIST LEAGUE. This man may appear to be on the moonstruck side, as he has in the past been declared to be, for apart from the commitment to Bellevue Hospital by Magistrate D'Andrea about 1940 or '41 for ten days, he was sent to a mental institution at the behest of his wife, I believe, some years prior to that. His family has been away from him for some time and that is why he uses a P.O. Box as his address. It will be noted that when the arrests were made at the October 1945 meeting in Queens, that the newspapers in carrying pictures of those present also had the picture of a well-known gentleman in this community whose name is FATHER DIETZ (phonetic). This man attended his meeting, went to aid and comfort, and then as KURTZ explained, FATHER DIETZ gave him some money towards his expenses. FATHER DIETZ is also a close collaborator of CONDE MCGINLEY who prints COMMON SENSE in New Jersey, one of the most violent newspapers we have today. CONDE MCGINLEY has openly stated that ROBERT BEST, who received life for being a traitor, is no more a traitor than he is.

"I wish to point out that this expected cooperation between this small Yorkville group holding meetings under the leadership of MERTIG-MADOLE and DAN KURTZ may appear to be or sound insignificant, but I do know that this group is keeping alive the issue for the time when the more bashful ones will come to the front. This little meeting being held every Tuesday night is regarded as the 'Fascist Light being kept alive' just as EUGENE BRAND's book and newspaper stand at 200 East 86th Street, since 1941, been regarded as FORTRESS YORKVILLE, meaning Yorkville Fortress."

"Where are the men behind the scenes of this virulent world movement? Who are the inventors of all this madness? Who transplanted this ensemble into Russia and is today making the attempt to have it prevail in other countries? The answer to these questions discloses the actual secret of our anti-Jewish policy and our uncompromising fight against Jewry; for the Bolshevik International is in reality nothing less than a Jewish International."

"It was the Jew who discovered Marxism. It is the Jew who for decades past has endeavored to stir up world revolution through the medium of Marxism. It is the Jew who is today at the head of Marxism in all the countries of the world. Only in the brain of a nomad who is without nation, race or country could this satanism have been hatched. And only one possessed of a satanic malevolence could launch this revolutionary attack."

On December 7th, 1951, exactly ten years following the tragedy of Pearl Harbor, the "New York Daily News" in a leading editorial placed the guilt for World War II directly on the shoulders of Franklin Delano Roosevelt, the greatest mass murderer and hypocrite the world has ever known. The "Daily News" suggests that Franklin D. Roosevelt deliberately sought, with every means at his command, to induce the Japanese Empire into attacking America in the Pacific. Roosevelt wanted a war with Hitler in order to appease the Jewish pressure groups in America which constituted the financial and intellectual backbone of his Soviet patterned New Deal regime. Failing to provoke Germany into a war by means of the Lend Lease Act which supplied Germany's enemies with tons of war equipment from a supposedly neutral America, and by ordering American warships to fire on all Axis vessels, Roosevelt solved his dilemma by luring Japan into a Pacific assault. If Hitler had wanted war with America the deliberate violations of the American Neutrality Act by Franklin D. Roosevelt in which he supplied both England and Soviet Russia with airplanes, tanks, and warships was more than sufficient provocation. Today we are getting a dose of the same medicine in Korea where endless hordes of Asiatic Reds are sup-

plied with modern war equipment by a neutral power, Soviet Russia. German mothers felt the same as American mothers do today, when a war drags on endlessly due to the intervention of a neutral power whose weapons are butchering their sons.

What were the motivating forces behind the slaughter of World War II? Who were the real war criminals and when will they be punished? Was there a just cause for the tremendous wave of anti-Semitism which swept Europe during the period 1918-1945? Life in Europe during this period much resembles American life immediately following World War II. Following World War I, Germany was swept into the throes of a terrible economic depression in which the Gentile masses suffered the loss of most of their wealth. In 1924, as the depression was lifting, the Germans found most of their vanished wealth concentrated in Jewish hands. The English author, Arthur Bryant, wrote a book about this period of German history entitled "Unfinished Victory." We quote him as follows:

"The change in the distribution of German wealth which followed this great disaster amounted to nothing less than a revolution....the chief gainers

were those who had been able to command foreign currencyIt was the Jews with their international affiliations and their hereditary flair for finance who were best able to seize such opportunities."

"They did so with such effect that even in November, 1938, after five years of anti semitic legislation and persecution, they still owned, according to the "London Times" correspondent in Berlin, something like a third of the real property in the Reich. Most of it came into their hands during the inflation. The Jews obtained a wonderful ascendancy in politics, business and the learned professions... Authorship in Germany seemed to have become a kind of Hebrew monopoly." ~~Contrast this with conditions in~~ America today where the Jews have a monopoly on small industry, the theatre and advertising.

A member of a prominent Russian-Ukrainian family, Vladimir de Korostovetz, wrote of post war Germany in his book, "Europe In the Melting Pot" as follows:

"Organizers of the White Slave racket swooped down on pre Hitler Germany like birds of prey. They formed bogus companies...making adventure films in South America...signed contracts with armies of film struck girls who were promptly packed off to South America....The whole of this unsavory trade was in the hands of International Jewry in general and the scum of Russian Jewry in particular....German theatres and cinemas were in the hands of speculators and controlled by International Jews, whose motto was, Money Money, Money. They made fortunes fostering extremism."

Another English author, Ellis A. Bartlett, writes about post war Vienna as follows in his book, "The Tragedy Of Central Europe."

"Among this conglomeration of nationalities and Creeds the Jew stood out prominently and dominated every situation. Jews of every race were to be found amongst this cosmopolitan throng and as the Jew knows no frontiers except the faith of his co-religionists, he was generally first in possession of news, true or false, and was thus able to control the great speculative market...One only sees the Jew in his real element during these world catclysms. It is only then that his peculiar qualities have full scope for their employment."

"Thus dying Austria became the happy hunting ground for the Jewish vulture although foreign "Hans Vogels" were also plentiful....The little Jews swarm-

ed over Vienna and devoured its decaying remains like flies around a raw steak on a hot summer's day. One could scarcely walk in the streets without treading on them. The city, its institutions, finance and material wealth crumbled in their hands and they crowded out the hotels, restaurants, cafes and shops." This summation of life in post war Vienna could be equally applied to New York City in 1951.

The Jews have forced their way into American hotels and summer resorts crowding out the Gentile people and making life abnoxious in such resort areas as Miami, Lake Placid and Saranac Lake. A large part of the loot from Truman's tax program goes to keep fat Jewesses in mink coats and jewelry. American government offices ~~are packed with Communist~~ Jews.

This vicious economic and political exploitation of the Gentile masses of Europe by International Jewry was only one of the reasons behind the rise of Nazism and Fascism. The second reason arose when the European workers learned how their trade unions were being used as pawns to create class warfare and ultimate world revolution by wealthy Jewish intellectuals, who had infiltrated the leadership of the trade unions. Jewish Capitalists spoke to the industrial magnates of Europe demanding that the trade unions be suppressed while Jewish labor leaders told the Gentile workers that their employers were viciously exploiting them. These Jewish trade union leaders met nightly with their co-racials in the field of Capitalism and planned the economic explosion which led to the universal European Depression of 1918-1924. When masses of workers were thrown out into the streets without jobs or sustenance, Jewish organizers led them in one vicious Communist rebellion after another.

The Hungarian people were enslaved temporarily by the Soviet Bela Kun regime. This Bela Kun, (born Aaron Kohn,) was a Hungarian Jew and a fiendish sadist whose minions burned, looted and raped their way across Hungary. A liberating army under Admiral Nicholas Horthy, later destroyed the Bela Kun regime and liberated the Gentile masses of Hungary. Later, Admiral Horthy became an ally of Adolf Hitler in the great Christian European Crusade against the Jewish dominated hordes of Red Russia.

"In Germany the Communist Jews who had gained control of the German trade unions, led the great munitions walkout of 1918 which caused German

defeat in World War I. This was not done to aid the Allies but to instigate a Communist revolution and create a Soviet Germany to act as a buffer for the newly created Soviet Russia. The Soviet Revolution of October, 1917 had been led by the Jew, Leon Trotsky, (born Bronstein) and a horde of Jews from the lower East side of New York City. The Red Revolution was financed by the Jewish millionaire, Jacob Schiff, of New York's Kuhn Loeb & Company, the New York branch of the Rothschild financial empire. Jacob Schiff's granddaughter, Mrs. Dorothy Schiff, is now the publisher of the left wing, "New York Post."

The terrible rebellions instigated by German Jewry in their attempts to create a Soviet Germany led to the rise of racial nationalism under Adolf Hitler. This period is described as follows in the booklet, "Hidden Empire."

"No one knows where we would be today if a bolshevik Reich had been added to a Soviet Russia. It would have been self annihilation for Germany if she had failed to heed her peril and had allowed the program of mass destruction of human life to be carried out. The loyal German people fought the Communists for ten years and when, at last successful, they started deporting the aliens that were responsible for the chaos, the fact that so many of them were Eastern Jews caused the rest of International Jewry to raise the old hue and cry of "persecution." There is nothing that indicates so clearly the ownership and control of most of the American Press as the fact that the vilification of Hitler has been constantly wedded to a subtle praise of the Red Russian system in our newspapers."

"Is it any wonder that with such a state of affairs Hitler should have been espoused by the pure blooded German people as a leader who would rid them of this Jewish Frankenstein, whose American arm has already become quite offensive to enlightened persons in the United States."

"Hitler preached a doctrine of "Germany for the Germans" and we should preach a doctrine of "America for the Americans." Hitler used a steel wedge "to split a hardwood block" and immediately when he had gained power and started breaking up this Jewish monopoly, the Jews set their machinery at work all over the world to vilify and misrepresent him, suggest boycotts, and to introduce resolutions

in houses of government that if acted upon would easily have led to war. It is obvious that the public, Jewish Press—which constitutes about 90 percent of American metropolitan newspapers (controlled by mass advertising from Jewish department store chains)—the radio and the screen received their orders to acclaim Hitler as a monster and "persecutor" who had "set Europe back into the Dark Ages." Protest meetings were held, the old whine about Christian tolerance for Gods Chosen People was dragged forth again, dusted off, and made to do service in stirring up protests. Hitler had thrown a big monkey wrench into Jewry's machinery in its steady progress for international domination, and with characteristic lack of sportsmanship, the Jews began to gather around a new wailing wall and fill the air of the nations with their hypocritical lamentations. Wherever a Jew is blocked in the accomplishment of a predatory scheme against Gentiles, he will immediately whine persecution or lack of tolerance."

"The description of German national life during her period of strife almost fits our present order. The whole of her people were near losing their national honor, hundreds of thousands of her children were being taught by atheist teachers, filthy literature adorned all her newsstands, and anti Christain, immoral films constituted the finest dish of entertainment. The International Red Relief (the same as our American Civil Liberties Union) worked under cover of humanitarianism at aiding in the defense of persons (Communists) charged with political crimes."

Franklin D. Roosevelt, acting as a pawn of America Jewish pressure groups, led us into World War II and established a Communist Empire from Siberia to the Elbe River in Germany. At least six hundred million people were sold into slavery by American politicians whose only gods were gold and votes. The Jews supplied both and bought the living souls of political prostitutes like Franklin D. Roosevelt and Harry S. Truman. Who gained from World War II? Just look at a map of the world and any school boy can supply the answer.

Hitler was defeated and Communist Jews poured into Germany, as avenging angels. Protected by American bayonets, these Jews who fought out the war in Roosevelt's Civil Service, tortured thousands of helpless German soldiers into confessing to non

existent crimes. Judge Le Roy Van Roden testified to how Germans were beaten and tortured by Jews, sent over by the American Government, to extort false confessions. Senator Joseph McCarthy also brought out similar facts in his investigation of the "Malmedy Massacre." The old lie about six million Jews being murdered was scotched by the Chicago newspaper, "Womens Voice," as follows.

"In 1948 there were fifteen million six hundred thousand to 18,700,000 Jews, according to Hanson W. Baldwin, who is a leading authority on matters relating to populations. In 1938 there were in the world 15,688,259 Jews. These figures are from the World Almanac, which figures were given to said publication by the American Jewish Committee and the Jewish Statistical Bureau of the Synagogues Of America. Where are those six millions Jews who were murdered by Hitler?"

"God in Heaven forgive the American people for believing that lie which has brought untold suffering to millions of innocent human beings and is behind the dying and suffering of our own loved boys in Korea. In our stupidity of avenging something that never happened, we have sinned against You and against humanity."

The Communist Jews followed the Red hordes into Eastern Germany and once again set up their complete economic and political tyranny over the Gentile masses. A Jewish youth from Canada, Charles Law, attended the Red sponsored Berlin Youth Festival in October, 1951 and spoke of Eastern Germany as follows:

"We found that two secretaries of state and the deputy chief justice of the East German Republic are Jewish—that 25 members of the People's Chamber (parliament) are Jewish—that the majority of the artists who are national prize winners, like Hanns Eisler, Johannes Becher and F. Wolff, are Jewish. We found that special privileges are given to the victims of Fascism and that great steps had been taken towards the eradication of anti Semitism, especially among the youth."

The special priveleges given to the Red Jews were explained in an article by Gerhardt Hagelberg entitled "East Germany and Nazi Guilt," which appeared in the December, 1951 issue of Jewish Life."

"As victims of Fascism, the Jewish people became entitled to considerable material advantages despite the economic chaos in the immediate post war period. They received priority in housing and free hospital accommodation, special rehabilitation treatment, financial aid, larger amounts of rationed food and special job protection, so that in the event of layoffs a Jewish worker would be the last to be released."

The above facts certainly prove who runs the Communist Empire. The head of the Information Service of the Russian dominated East German Republic is Gerhart Eisler, the German Jew who was former head of the American Communist Party. Americans Awake! Know your friends, the German people and the Fascist governments of the world and unite to destroy the motivating force behind World Communism, the International Jew.

SPECIAL ANNOUNCEMENT

This entire issue of the National Renaissance Bulletin has been paid for by a group of important gentlemen recently arrived from Germany. It is their wish to provide the American people and Fascist sources in Europe, South America and Africa with a vital and detailed report emanating from Europe. The author of this report is well known but for obvious reasons his identity cannot be divulged. We have also been supplied with a large mailing list covering nearly every important pro-Fascist leader and newspaper in Europe, Africa and South America. Any of these sources of information have our permission to reprint this report entitled "What Is Behind the Hanging Of the Eleven Jews In Prague". We are sending out an exceptionally large number of this issue thruout the world because the cost has been underwritten.

The Slavic population of Eastern Europe constitutes the most violently anti-semitic element in the world. The Prague Trials indicate that Stalin, in order to prevent further anti-semitic outbreaks in the Ukraine and the Balkan satellite states and in order to win the support of three-hundred million violently

anti Zionist Moslems, has turned on the Jewish creators of Bolshevism. We quote "The World Hoax" by Ernest Elmhurst, pgs 99-100:

"Throughout the Soviet Union, anti Jewish sentiment is smoldering continuously, although, of course, no Gentile public opinion can be expressed openly unless approved by the Jewish government. Since practically all the wealth of Russia is in Jewish hands—in Moscow, for instance, they own almost all the private automobiles to be seen on the streets the Gentiles are given constant and glaring evidence that the Jewish domination has been bought with the destruction of everything valuable in the culture of Christian Russia" . . . One of the typical evidences of revenge by the knife to be observed all over Russia towards the Jews who have usurped power by way of their racially instigated revolution may be read in William C. White's book "These Russians," 1931, pg. 29, "When this damned system (Jewish Communism) breaks, there will be a pogrom. You will be able to row on Jewish blood from Arbat Gate to Red Square." Now read the European report.

WHAT IS BEHIND THE HANGING OF THE ELEVEN JEWS IN PRAGUE?

On Friday, November 27, 1952, there burst upon the world an event which, through small in itself, will have gigantic repercussions in the happenings to come. It will force a political reorientation in the minds of the European elite. This monumental event was the conclusion of the treason trial of the Jews in Prague and their condemnation to death by the Soviet authorities. During the period 1945-1946 the

coalition of Jewish interests in Washington and Moscow functioned quite perfectly and without friction. When the Israeli "State" was established as the result of armed Jewish aggression against the Moslem States, the entire world, dominated by Moscow and Washington, sang hymns of praise and congratulation. Washington recognized the New "State" de facto within a few hours of its proclaimed

existence. Moscow outbid Washington in pro-Israeli sentiment by giving de jure recognition. Both Washington and Moscow vied with one another in seeking to please the operetta-state of Israel and aided its development by all means material and moral. Russian diplomats boasted that at last, in Haifa, they had a warm-water port.

And now, after six short years, Israel is recalling its "ambassadors" from the Russian vassal-states, and intensifying its anti-Russian policy from its American citadel. Volatile Jews in both Israel and America cry out that Stalin is following in the footsteps of Hitler. The entire American press boils with fury at anti-semitism in Russia. Anti-semitism, warns the "New York Times," is the one thing America will not tolerate in the world.

Why this sudden about face in Jewish-Soviet relations? It began early in 1947 with the Russian refusal to surrender a part of its sovereignty to the so-called "United Nations" for purposes of "international control" of atomic weapons projects and industries. Jewish statesmen, being utterly materialistic in their metaphysics, believe strongly in the "absolute" military power of atomic weapons, and considered it thus indispensable for the success of their policy that they control these weapons unconditionally. They already possessed this complete control in America through the Atomic Energy Commission, specially created and constituted to place it beyond the reach of Congress, and responsible only to the President, who is, by the practical rules of American inner-politics, an appointee of the Jewish Race. Jewry sought the same degree of control over atomic weapons in Russia, and used the device of the "United Nations" to submit an ultimatum to the Russian leadership on this question.

This action took place in the latter part of 1946, when the tide of atom-worship was at its height, and the minds of nearly all of the poor crop of statesmen who today conduct the political affairs of the world were fantastically dominated by a mere explosive bomb. A similar world mania reigned for a short time after the invention of dynamite and the machine gun. The Russian regime also believed in atoms with the same religious faith, and thus regarded the abdication of its "atomic" sovereignty as equivalent to the surrender of its entire national sovereignty. Thus the ultimatum from American

Jewry concerning "United Nations" control over world atomic projects was rejected by Soviet Russia in late 1946, and in early 1947 the preparation for the Third World War began. This Russian refusal stymied the plans of World Jewry's leadership, which aimed at the surrender of both American and Russian sovereignty to the United Nations, a political instrument dominated by the interests of the Jewish Race. Even supine, politically-unconscious America could hardly be expected to abandon its sovereignty when the only other world power unconditionally refused, and as a result, the entire Jewish policy for world atomic control had to be scrapped.

The next policy of World Jewry's leadership was to persuade the Stalin regime by the encirclement and pressure of the "cold war" that it was hopeless to resist. The same tactics were used against the regime of Adolf Hitler from 1933 until 1936, at which time World War II was decided upon at the earliest feasible moment.

Because of the Russian rejection of the atomic weapons ultimatum, the Soviets found their policies opposed everywhere, in Austria, Germany, Korea, Iran etc. Those same American publicists who had become so deft at explaining the Russian need for "security," as Soviet Russia seized one landscape after another, suddenly began to brand Russia as an "aggressor nation". The faithful "liberal" servants of Stalin in the West such as Truman, Acheson, Churchill, Attlee and de Gaulle became suddenly anti-Russian. Naturally they did not use the same sort of language against Russia, the peace loving, democratic people of yesterday, that they had used against Germany. Also they did not use the language of "Unconditional Surrender, when it came to an actual military test in Korea. Although they had eagerly sought Russian aid against Germany, they did not now seek German aid against Russia. That would be going too far, and it is one of the political weaknesses of the Jew that he is the victim of ideas fixes. The leading obsession of the Jew is his unreasoning hatred of Germany, which, at this present stage of Europe's cultural evolution means: unreasoning hatred of Europe.

For several years there have been grumblings and undertones in the American press against "anti-semitism" in Russia. These dark mutterings began after the Russian rejection, in late 1946, of the Jewish

American ultimatum on the atomic weapons question. At this point the Stalin regime began its inner policy of dropping numerous Jews from the highest governmental positions, then slowly purging them from the lesser positions as well. Elastically the Stalin regime tried every approach in attempting to appease Jewish leaders. It offered aid to Israel; it then with-drew the offer and shut off emigration to Israel. Stalin tried every policy but still the Jewish inspired encirclement policy of Russia continued. Wooing the Arabs did not change the mood of American Jewry nor did spurning the Arabs. The press campaign against Russia continued throughout America and Western Europe. "Russia is anti-semitic"—thus thundered the American press, and, as political initiates know, this is the worst epithet in the American arsenal of political invective. As Eisenhower said, when accused by Truman of being an anti-semitic: "How low can you get"?

The treason trails in Bohemia are neither the beginning nor the end of a historical process, they are merely an unmistakable turning point. Henceforth, all must perforce reorient their policy in view of the undeniable reshaping of the world situation. The ostrich policy is suicide. The talk concerning "the defense of Western Europe against Bolshevism" belongs now to yesterday. Nearly every square inch of European soil is controlled militarily or financially by International Jewry, the deadly enemy of European Culture, which seeks the political, cultural and historical extinction of Western Civilization.

That same barbaric despotism called the Russian Empire, presided over by the fat peasant Stalin—Djugashvili, who rules by his cunning a Khanate greater than the proverbial empire of Genghis Khan, is the only obstacle to the domination of the entire Earth by the Jewish political instrument known as the United Nations. This vast Russian Frankenstein was created by the Jewish inspired hatred of Nazi Germany and European Culture. During World War II, in order to prevent Stalin and his Pan-Slavic Nationalists from concluding peace with Europe-Germany, the Jewish-American leadership provided Russia with unheard of masses of military equipment. They also supplied political and territorial promises, gifts and advantageous treaties with unheard of largesse. With the 14,795 airplanes, 375,883 trucks, and 7,056 tanks supplied by American factories, Russia occupied all of Eastern Europe and

advanced her Asiatic hordes into Western cultural centers like Magdeburg, Weimar and Vienna. American Secretary Of State Marshall acted openly and consciously as a Russian agent when he undermined the Chiang-Kai-Shek regime in China, delivering quietly to Russian vassaldom one quarter of the world's population. It was only later that Marshall's conduct seemed reprehensible, at the time he was regarded as a distinguished diplomat, like Roosevelt and Churchill at Teheran and Yalta.

Gradually the picture changed, there was more talk of anti-semitism in Russia, and American public opinion, in prompt and unconditional obedience to the American press, switched over from being anti-German and pro-Russian to being anti-German and anti-Russian. The epoch marked by the Prague Trials is not absolute; Russian papers still explain that the eleven Jews condemned to death for sacrificing the interests of Bohemia to the interests of Jewry were "enemies of the Jewish people". The American Jewish Committee takes the same line, so that people in America, England and France will not develop the idea that a Jew holding public office in a host country will owe first loyalty to the state of Israel rather than the host country. The American Jewish Committee, however, gives no explanation of what possible reason Russia would have for charging loyal Russian subjects with sacrificing Russian interests to Israeli interest. Apparently American Jewry would have us believe that the canny peasant regime of Stalin is embarking on entirely unmotivated adventures in the same realm of world politics which destroyed the political power of National Socialist Europe, namely a campaign of anti-semitism.

The question of guilt or innocence in these, or any other political trials, like the stinking horror of Nuernberg, is historically meaningless. The Jewish leaders in Prague, like the Rosenbergs in America, merely did not understand how late it was in the development of the "cold war". The fashion of yesterday, of being pro-Russian in word and act, has changed. The Rosenbergs were not up to date. The Jewish officials in Prague also were living in yesterday and felt far more secure than they were. In 1952 they behaved as though they were in 1945. Any one who knows the simple motivation of world politics knows that the Prague Trials were not spontaneous outbreaks of racial prejudice on the part of a politically wide awake Stalin and his power

hungry entourage. These men want power and they will not attack on a front where, in the event of victory, no power could possibly be gained. For 35 years, Stalin has been pro-Jewish in his foreign and domestic policies, and if he now changes, it is for well considered reasons of state-necessity. The same Jewish press which says Stalin is anti-semitic says that his Jewish victims are "enemies of the Jews". If they really believed this of his victims, the trials show that Stalin is pro-Jewish, not that he is anti-Jewish.

However, it is simple to catch Jewish leaders in a maze of contradictions during these times when they are frantically beginning to realize that their atomic weapons ultimatum, their United Nations front against Russia and the Korean War are gigantic blunders which may seal the final doom of World Jewry and bring an end to their vicious intrigues both in America and Russia. Up to now the Jewish objective within Russia has been to replace the pan-Slavic Stalin regime, which the Jews consider as having deviated from the international principles of Karl Marx, by a new Jewish dictator of the Trotsky (Bronstein) type. Just as they constantly hoped for an internal revolution in Germany, so they have hoped for a revolution against Stalin, a revolution which would sweep away the old Czarist dream of a pan-Slavic Russian Empire with Nationalist tendencies and return to the fundamental theme of world Jewish domination over the Gentile masses as envisioned in Talmudic prophecy. This revolution against pan-Slavic Stalinism would embrace the United Nations and bring about the proverbial Jewish millennium, the reunion of Baruch and Kaganovich, of Lippmann and Ehrenburg, of Buttenwieser and Fisner, of Ana Pauker and Ana Rosenberg. But now, this hope has vanished. It is possible to record the developments which have been rendered inevitable by the clear break signified by the Prague Trials.

First, and most important of all to those who believe in the liberation of Europe and a European Imperium, this marks the beginning of the end of the American hegemony in Europe. The shoddy structure of the Morgenthau, Marshall and Schumann Plans, of the American flag flying over European capitals, of NATO and of the systematic subjugation and looting of Germany by Jew dominated American Occupational authorities is nearing an end.

Terminating also is the satanic project of constructing a German Army to fight as unpaid mercenaries against Russia on behalf of American Jewry. This German Army must fight without a General Staff, officered by idiotic democrats and armed with the weapons of 1870. Germany wants no part of either Communism or Western Democracy under which the Churchills, de Gaulles, Spaaks, Adenauers and de Gasperi have had a prolonged holiday at the expense of the European people. For Europe, the Prague Trials will act as a historical cathartic to flush out the historical waste matter of the Churchills and their liberal-democratic-communist dirt. America's hegemony is doomed because all Europe realizes with a start—that Imperium, the Proclamation Of London and the Frontfighter have preached for years—that the power in whose behalf Europe is asked to fight Bolshevism is none other than the Jewish Race, that entity which itself is the historical creator and leader of political Bolshevism.

It is obvious that events which were strong enough to force Stalin to reorient his entire world policy and to become openly anti-Jewish will have the same effect on the European elite. American hegemony cannot endure in Europe unless the European elite is quite passive, and this Fascist elite will never cooperate with ignorant, primitive material like McCloy, Truman, Acheson or Eisenhower. The Prague Trials have gone off with an explosive roar to waken this European Fascist elite to active resistance against the death plans being hatched for European Culture in Washington by American Jewry. The fact is: the Russian leadership is killing Jews for treason to Russia, for service to the Jewish entity. Nothing can gainsay, or reverse this fact. The European elite will perforce note this fact and act accordingly.

In the dark days of 1945, many Europeans embraced the American occupation as the lesser of two evils. During the past seven years the comparative destructiveness of Russian barbarism and American Jewish Bolshevism has appeared in its true proportions, the proportions set forth in Imperium, Volume 11: "A Russian occupation would be far less dangerous to Europe because of the abysmal cultural gulf between Russia and Western Civilization." This gulf would render impossible the erection of a vassal state system, because there are no pan-Slavic masses in Western Europe, and the Russian barbar-

ian leadership trusts no one else. The notion, fostered by wild propaganda, that Russia could kill off the two hundred fifty million people of Western Europe is a vile insult to European spiritual resources and masculinity.

For political and cultural purposes America is dominated absolutely by the Jewish Race. For this reason America in Europe appeals to all the forces of Culture Retardation and reaction, the forces of laziness and degeneracy, of inferiority and bad instincts. From the spiritual sewers of Europe, America can siphon up an endless number of "democratic politicians" to carry out Jewry's dirty work of dividing, despoiling and destroying European Culture in a suicidal war.

Henceforth, the European Fascist elite can emerge more and more into world affairs, and will force the leadership of American Jewry to render back, step by step, the custody of European Destiny to the people of Europe. If the Jewish-American leaders refuse, the new Fascist leaders of Europe will threaten them with the Russian bogey. By thus playing off Russia against the leadership of American Jewry, Europe can bring about its own liberation from the perils of Jewish Democracy imposed by American bayonets. This may be accomplished before the advent of World War III.

A second inevitable development of the Prague Trials is the intensification of the American diplomatic offensive against Russia, the "cold war." The press campaign will intensify both in America and Europe; Russia will appear morally blacker and blacker; the American armament drive will be accelerated; all potential Soviet agents will be liquidated by the pro-Zionist United Nations. Russia will naturally retaliate: today "Pravda" says "Zionism is a tool of American imperialism." Tomorrow it will say "American imperialism is the tool of Zionism."

A third inevitable development is the collapse of the American—Jewish position in the Moslem States and throughout Islam. Since Russia will be unable to retreat from its anti-Zionist position and the Zionists will similarly be unable to abandon their anti-Russian position, since for each one there is no other power-opponent in the world, Russia will perforce ally itself with Islam, and Islam will perforce ally itself with Russia. Dark clouds of doom are

gathering over the operetta-State of Israel, with its one million Jewish inhabitants surrounded by a vast sea of three hundred million Mohammedans in whose face it has just spat, emboldened by the brawn of its big American lackey. Jewry's American lackey is still big, still stupid, still willing—but he is 5,000 miles from Israel. Preparations are being made in secret for a mass evacuation of God's Chosen People from the desecrated earth of the Holy Land.

A fourth inevitable development of the Prague Trials is the weakening of the American position in Japan, and within a few years we shall probably witness the final American expulsion from the Flowery Kingdom. Even today American troops are ordered to wear mufti on Japanese streets. It is unavoidable that the intensification of the diplomatic and political struggle between American Jewry and Moscow will automatically heighten the nationalist activity of the politically and racially conscious Japanese Fascist elite.

Many other developments must follow, developments which the Kremlin leadership have not planned on. One thing is certain— whoever declares war on the Jew will soon be engaged in a struggle of world wide dimensions and increasing viciousness, for the power of the Jewish Race is world embracing and the leadership of this race conducts its policies on an emotional rather than an intellectual basis.

To us in Europe, the Prague Trials are welcome, they clear the air. The opponents have now defined themselves. America recedes now to its proper position, that of the armorer and technician, the world's assembly line, the supplier of biological units called G. I's. These G. I's are supplied as cannon fodder to anyone capable of pulling the appropriate strings, in World War I it was England; in World War II it was International Jewry. As far as Europe is concerned, America's political hacks may as well haul down the Stars and stripes and run up the Star Of David.

It is ridiculous enough to ask Europe to fight for America and even more idiotic to ask Europe to "defend itself against Bolshevism" under the leadership of Frankfurter, Lehman and Morgenthau—but now it is too absurd to ask Europe to fight to wipe out anti-semitism in Russia. Is there one European—just one—who would respond to this war aim? But

62-83296-17

today, openly, without any possible disguise, this is the reason for the coalition against Russia, for Russia has named its chief enemy, its sole enemy, and the sly peasant leadership of the pan-Slavs in the Kremlin is not given to frivolity in its foreign policy.

The trials have made easier the task of the European Liberation Front. This Front was the first organ to warn Europe of the extinction in slavery heralded for Western Civilization by an alliance, supposedly with America, but actually with the Jewish Race which dominates American political and cultural life. We repeat our message to Europe: "No

European must ever fight except for a sovereign Europe, no European must ever fight one enemy of Europe on behalf of another enemy." Europe has one aim: to actualize its destiny. This means, to reconquer its sovereignty, to reassert its mission, to establish its Imperium, to give to the world an era of Fascist order and European peace. In the actualization of this might, irresistible Destiny, all extraneous events are mere material to be utilized. Inwardly, therefore, the words of the London Proclamation are as true today as they were in 1948, as they will be in 1960: "Europe is no more interested in this projected war than in a struggle between two Negro tribes in the Sudan."

ATTENTION READERS!

Attempts have been made to boycott our indoor political mass meetings in Yorkville, the German section of New York City. Owners of meeting halls have refused to rent them to the National Renaissance Party on grounds that their beer licenses might be revoked by Jewish Civil Officials. Most of these cafe owners are Germans and openly admit that they favor the Fascist political program which we have espoused at street corner rallies in Yorkville thruout the spring and summer months. For fear of the Jews they refuse to help those who are fighting for friendship between the American people and the German Reich.

The worst offenders are the owners of the Rheinland Cafe and the Brauhaus 86th Street. They shall pay the price. Unless they yield to our demands, beginning in early spring, the National Renaissance Party will place picket lines around both establishments, proclaiming their owners as betrayers of the German people. Since Ninety percent of their patronage is Germanic, the results of our forceful policy should be most interesting. They have tried to ruin us, but it is they who shall be ruined.

In the meantime we held our first indoor mass meeting on 86th Street on Tuesday evening, December 16th and had an excellent attendance, including

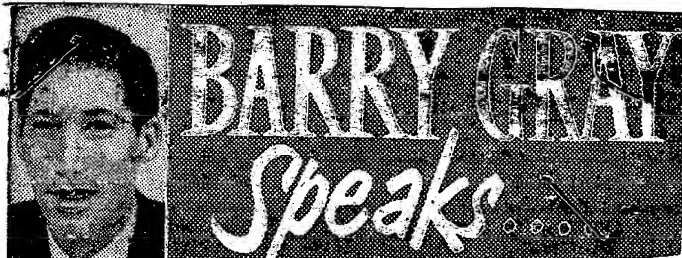

Jewry's paid stooge, Leon Birkhead, of the so-called Eustace Mullins, author of the famous book, "Mullins On the Federal Reserve," Joseph Rudden, a well known Irish patriot and former lieutenant of Joseph McWilliams, C. Daniel Kurts, fiery leader of the Christian Front and James H. Madole, the leader of the National Renaissance Party. Everyone was well pleased except Birkhead.

The Hon. Herbert Brownell
Attorney General of the U.S.
Washington, D.C.

Mr. Dear General Brownell:

A postcard came in this morning's mail. I had to turn it to the addressed side and read the postal mark to make sure it said "1953."

Until I saw that mark I thought the clock had been turned back.

The card reads:

"Big Saturday Night German-American Friendship Rally.

"We urge all patriotic American nationalists who believe in friendship with the heroic people of Germany and the preservation of western civilization to attend our mass meeting on Saturday evening, May 2d, and hear the following dynamic speakers converse on the following topics:

"1. R. J. Keith Thompson, former registered American agent for General Remer's (my note: Remer or Roemer was one of Hitler's trusted buddies and tried to form another Nazi party in Germany after the war) pro-Fascist Socialist Reich's Party, will speak on "Zionist Atrocities, in the Holyland." Mr. Thompson will also discuss the current political and economic situation in Germany.

"2. Mr. Alfred Tittmann, former president of the German-American Voters Alliance, will be asked to discuss the problems of German expellees who were driven from their homes during the cold winter of 1945. Lost territories in Poland, Prussia, Silesia and Sudetanland must be restored in order to create a proud, free and economically self-sufficient German people.

"3. Mr. James H. Madole, director of the National Renaissance Party will discuss the "True Story of Nazi Germany and Adolf Hitler, the George Washington of Europe."

"All Americans are welcome to attend these mass rallies. Non-citizens are equally welcome. The combined strength of German scientific ingenuity, technical skill and manpower of America are sufficient to preserve the white race and Western civilization from the onslaught of Asiatic barbarism.

"Therefore, everyone should attend our mass meeting on Saturday evening, May 2nd, at 8 p.m. in the private hall at 169 E. 86th St., N.Y.C. (2nd floor directly above Loew's Theater, near Horn & Hardart's) conveniently near Lexington Av. Subway. Dynamic speakers, free literature and music. Please come and bring your friends. Very interesting program.

"(Signed) National Renaissance Party."

I would call your attention, General Brownell, to the information that Mr. Keith Thompson will be present at the meeting. His dossier could be examined for hours, but his billing tells it so very loudly—"former registered agent for General Remer's pro-Fascist Socialist Reich Party."

Read the card, General, where

U. I. K. - 3

it says that a James H. Medole will be present. This is a rather-lunged twerp who has frequented Yorkville street corners for months shouting his obscenities against what he calls a "Zionist plot" to rule the world. Did you note what he's going to speak on? "The True Story of Nazi Germany and Adolf Hitler, the George Washington of Europe."

I could tell you a great deal about Thompson and Medole, General Brownell, but I'd rather have you assign one or two of your men to the meeting. Let 'em just listen and report what they've heard. Have them get there early, for the place will be crowded.

I know for a fact that the 6,000,000 dead of Auschwitz, Dachau and Buchenwald will be in attendance.

They'll be disappointed if your men don't show.

JAMES H. MADOLE

Rabblrouser addresses Yorkville rally

OLIVER PILAT

Yorkville gave a rough reception to a couple of rabble rousers. They were James H. Madole, of Beacon, N. Y., who poses as a political heir of Mussolini, and to Harold Keith Thompson Jr., of Chatham, N. J., who calls himself U. S. spokesman for the outlawed Socialist Reich Party in Germany.

The pair called a "German-American friendship rally" in the name of the National Renaissance Party "to preserve the white race and Western civilization from the onslaught of Asiatic barbarism."

As it turned out, only quick, tactful work by a half dozen cops from the 23d precinct preserved Madole and Thompson from the onslaught of aroused citizens.

The meeting had been scheduled

indoors Saturday evening at 169 corner of 87th St. and Second Av. E. 86th St., but this arrangement was canceled after Barry Gray charged in his Post column and on the air that Madole and Thompson were Fascists.

(See Gray's column on Page 32)

With police permission, the orators led a dreary band of perhaps 15 followers to the southwest

"It's about time we did have a Fascist party," declared Madole, a thin, balding man with wild eyes. "Those who advocate the doctrines of Hitler..."

A stocky blond man in a trench coat walked up close to Madole and said, "If you got something

to say, say it without the flag." He was hustled around the corner and out of sight by two patrolmen.

Despite the best efforts of McCarthy, they can't clean out the Augean stables in Washington..." Madole said.

There was a feeble cheer, for McCarthy, and for Madole, who shouted, "The traitorous swine who call themselves Republicans and Democrats sold our boys down the river."

A teen-age boy asked several questions. Madole said the questions gave an idea of "the scum teaching in public schools. The sooner we put them in concentration camps the better."

Interruptions became so frequent from the growing crowd that police had their hands full. Thompson took over in an effort to restore order. A 6-foot-3, 230-pounder with a good-natured air, he wilted under questions from a man who described himself as a Catholic war veteran. Thompson left hurriedly by cab.

Madole resumed.

Jerry Cohen of the Jewish War Veterans outshouted Madole. "We're Americans here, not Fascists or Communists, and you dare question our way of life..."

Madole's followers disappeared as hecklers crowded closer. Time and again police patiently cleared an open space in front of Madole and the boy holding the flag.

Finally Madole gave up. A red-headed man in uniform, Cpl. Kenneth O'Brien of the 2d Infantry Division, led the crowd in singing "God Bless America," in front of the conspicuously silent Madole.

Then everybody went about his business.

Dear Dr. Greenway:

This will acknowledge your letter of March 9, 1953, addressed to the Postmaster General, transmitting a copy of the January, 1953, issue of the "National Renaissance Bulletin", which you describe as being "saturated with anti-Semitism deftly expressed."

It is noted that the "National Renaissance Bulletin" is published by the National Renaissance Party, 224 East Main Street, Beacon, New York, and that the editors refer to the "Bulletin" as "the only Fascist publication in America."

Inasmuch as this matter has already passed through the mails and been delivered to addressee, there is no action for the Post Office Department to take with respect thereto at this time. Whether or not there is basis for criminal action against the mailers is a matter for the consideration of the Federal Bureau of Investigation and the Department of Justice. An Analysis of Eisenhower's Inaugural Address

Frederick Chas. F. Weiss Esq.

A short while ago the editor of the "National Renaissance Bulletin" wrote to Frederick Chas. F. Weiss, author of such erudite books on post war Germany as "Quo Vadis America" and "Germania Delenda Est?", and asked him to present us with his personal views on President Eisenhower's Inaugural Address as well as his famous State Of the Union Message. We received a wonderful analysis concerning both of Eisenhower's famous speeches and their respective future effects upon European-American relations. We also received the following communication:

* * *

Dear Mr. Madole:

You asked for my opinion in concern with both Eisenhower's Inaugural Address and his State Of the Union Message. Here it is. Do not dare to print it lest "our friends" tear you apart.

FREDERICK CHAS. F. WEISS

Mt. Hope, New York

We view this as a distinct challenge. Hence we are presenting in its entirety the excellent analysis of Mr. Weiss. Please give it the careful and thoughtful study which it deserves.

THE EISENHOWER INAUGURAL ADDRESS:

Twice during the course of a single century American politicians have herded the American people into the bloody maelstrom of world wide wars. Twice the American people have been the victors in a military sense and the abject losers in a political sense. Each of these Pyrric Victories has caused untold chaos and misery for Western Civilization as a whole. After the termination of both World Wars, the colored masses of Asia and Africa which constitute three quarters of the earth's population, have gained menacing strength. These tremendous masses of Asiatic and African manpower now threaten the final extinction of Western Civilization which they abhor. Led on by Joseph Stalin, the Twentieth Century Genghis Khan, the colored hordes will accomplish the destruction of Western

Civilization by two methods. First they will expel Europe from its imperial possessions and strong points in Africa and Asia. Secondly they will launch a mass attack on the European birthplace of Western Culture, with the intention of finally destroying this might organism which has written the history of the past thousand years. Should Asia succeed in its projected conquest of Europe a new pall of darkness shall descend finally and conclusively over the science, art and literature of the White Race. The cultural darkness of the Medieval Ages will be repeated on a permanent basis.

The extensive infiltration of pacifist, liberal and Judaeo-Christian doctrines based on such false premises as the "brotherhood of man," racial tolerance and the abhorrence of physical combat have greatly weakened Western Civilization, just as they weakened and led to the final twilight of the Imperial Roman Empire. The colored hordes of Asia and Africa have not been weakened by these insidious religious and political dogmas which tend to glorify the weak and despise the strong. That is why the most Civilized Cultures invariably totter and collapse before the savage barbarian hordes from the mountains and deserts of Central and Northern Asia. This is the final grim lesson of world history. Civilized man who places his entire faith in words and reason rather than in the power of the sword is helpless before the barbarian conqueror. A civilization which has become weak and decadent, whose claws are blunted and fangs are dulled, will invariably fall prey to those conquerors whose barbarian instincts remain unshackled by religious dogma and social restraint.

In both major World Wars American intervention was responsible for changing the course of the struggle. From each of these global conflagrations emanated world wide misery and disaster. After the conclusion of each war, the American people looked in disgust at the vicious and catastrophic results of their misguided military effort, and said to themselves with final determination: "Never again!" But the parliamentary leadership of America does not change; it merely discovers new methods of luring the American people into bloody ventures in European power politics. Eisenhower has already demonstrated how well briefed he has become in

these techniques during the course of his inaugural address. Eisenhower has shown that he is utterly pliable to the policy of his Wall Street backers, a policy which is vitally concerned in economic and political power decisions in every corner of the world. Eisenhower's backers are the same as Truman's backers. His foreign policy is the same. The name of the incumbent has changed, but neither the office nor the program. Truman and Ike . . . both alike! Again America's sons shall be used as fertilizer to enrich the blood red soil of Europe, in order to carry out the economic and political ambitions of a small coterie of international Wall Street bankers whose only God is the Great God Gold. Millions of mothers shall grieve for lost sons, millions of little homes shall be consumed in flames, and the hopes of millions shall be eternally shattered in order that a few High Priests Of Finance may worship at the shrine of their cold, metallic deity. Mankind has indeed been crucified upon a Cross Of Gold.

Let us examine Eisenhower's inaugural address more closely. The address begins with a prayer, and one can only wonder whether this pious man, David Eisenhower, was oozing the same religious and moral sentiments when he ordered his bombing squadrons to attack refugee packed Dresden during the closing days of World War II. The great art center of Dresden was utterly devoid of air defenses and presented no military objective. Its streets were thronging with European women and children fleeing from the advance of the barbarian Russian horde. World War II was over save for the formalities of capitulation at Reims. Eisenhower's vicious attack slaughtered 250,000 civilians, almost exclusively women and children since the remnant of the German Armies were engaged with the Red hordes approaching Berlin. Did Eisenhower pray afterwards in thanksgiving for this dastardly deed of murder? For this action, the Russian barbarians awarded Eisenhower the Order of Suvarov which he proudly wears on his breast. This American President is not only a rural Kansan, he is also an English aristocrat, and the bearer of Bolshevik decorations.

His first spasm of piety having passed, David Eisenhower sounded the keynote of his propaganda for the Third World War. "Forces of good and evil are massed and armed and opposed as rarely be-

fore in history." How simple it is! Eisenhower is by definition "good," any power which he opposes is "evil". This formula is utterly elastic, it can never fail. Five years ago Russia was good, now Russia is evil. Meanwhile Russia has not changed, nor was it necessary for Russia to change, for David Eisenhower owns this precious formula, and he (more properly those Wall Street forces which do his writing and make his policy for him) has a monopoly on the application of this elastic formula.

The subsidiary part of Eisenhower's foreign policy formula now begins to make its appearance in his inaugural address. "Seeking to secure peace in the world, we have had to fight through the forests of the Argonne, to the shores of Iwo Jima, and to the cold mountains of Korea. If Eisenhower makes war, it is to create peace; if any power opposing Eisenhower makes war, it is actually war. Five years ago Russia used to engage only in wars to create peace, now Russia makes war for the sake of war. This test can never fail, for David Eisenhower and his managers have a monopoly on this test for war-like intentions. If five years ago they said Russia was a peace loving democracy," they were right at the time. If they now reverse themselves, they are still right. This is a typical example of America's ridiculously amateur efforts at creating a sound foreign policy under the leadership of vote worshipping parliamentary politicians. The game of power politics requires statesmen at the helm of ship of state, not feeble, antiquated bureaucrats and two for a dime American politicians. Men like Caesar, Tamerlane, Genghis Khan, Napoleon, Metternich, Hitler and Stalin have just right to be labelled statesmen and their place, for good or evil, is secured in the annals of world history. The Roosevelts, Trumans, Achesons and Eisenhowers will be lost in the morass of the human ant hill from which they emerged.

Later in the inaugural address another test is supplied, part of the same good-evil formula. "Freedom is pitted against slavery, light against dark." But only yesterday Russia was considered part of the "democratic family of nations," Certainly pious, good, freedom loving, peaceful, David Eisenhower, would never have accepted Russia's highest military decoration, the Order of Suvarov, from a govern-

ment of tyrants and slave-owners, men of war, evil and darkness! Today, however, things have changed, Russia is hostile to freedom. Russia, meanwhile, has changed in no respect, but David, the proud bearer of the Suvarov Order, says Russia is against freedom.

David Eisenhower has supplied us with indicia to recognize freedom loving men and nations. They have a "faith" which lies in "the deathless dignity of man." Eisenhower states that this is not only his personal faith but it is shared by such a motley assortment of savages and illiterates as the rice growers in Burma, the shepherds in Italy and the mountaineers of the Andes. It is for this faith, says David Eisenhower, that French soldiers are dying in Indo China, English soldiers are dying in Malaya and Americans are dying in Korea. In view of this fact, it is very strange that when questioned in both World War II and the Korean War, American soldiers have been totally unable to explain the nebulous principles of the "democratic faith", for which they were allegedly fighting. Strange also, in view of this unshakable democratic faith, is the increasing number of desertions by American Army personnel both at home and abroad.

"Free" people with this democratic "faith" have three virtues, says David Eisenhower, the friend of Zhukov and Stalin, the bearer of the Order of Suvarov "love of truth, pride of work, devotion to Country." Thus we know at once that in Russia no one loves truth, no one is proud of his work, and absolutely no one has devotion to their country. Hence Russia should be a military push over, full of shiftless bums and professional liars on a psychopathic scale. Five years ago it was otherwise, then we were told daily and insistently, by David Eisenhower and his sponsors, that the Russian people, under their peace loving, free, democratic government, were fantastically patriotic and we were told that one could not admire enough the incredible labor and patriotism of the Russian masses. The Chinese enemy in Korea manages to fight without "faith" in "the deathless dignity of man". He therefore hates truth, is ashamed of his work and despises his country. At last we learn what the war in Korea is all about. Truman could only start this "police action," it took Eisenhower to explain it.

Eisenhower continues to repeat the shibboleths which lured Americans into two world wars, and which, he believes will hook us into a third. "Free people cannot live in economic solitude." This statement is utterly without foundation in fact, insofar as it is meant to apply to America, for America is, when necessary, absolutely autonomous economically. It is utter stupidity to say that America needs to trade in order to market its surpluses. Surplus production, in an agricultural or industrial sense, is not an automatic, inevitable development and rarely occurs anywhere. Both factory owners and farmers produce only what they can market. If the government artificially creates markets by offering to buy everything in sight, and afterwards screams that America must export these goods, it does not contradict the fundamental, unconditional fact of America's economic autarchy. But if America has many artificially-created tentacles of finance and trade—all passing through Wall Street, naturally—it is a great deal easier to find "threats to American security" in odd corners of the world than it would be if America were allowed to follow its own natural law of self-sufficiency. Hence—"free peoples must trade"—through Wall Street.

There is no "imperialism" involved in the process of spreading American troops, bases and atomic bombs around the world. As David Eisenhower says: "We Americans know the difference between world leadership and imperialism." Yes, indeed. When we give orders, it is "leadership," when any power opposing Eisenhower gives orders (except the Order of Suvarov) it is imperialism." And now, at last, we come to the Code of David Eisenhower, the precise rules which his backers impose on him. Since they are fundamental, they must be examined in detail. For the sake of this Eisenhower verbiage millions of Americans may die, more millions may be impoverished forever. Study it well.

Rule 1—Eisenhower hates war. So did Roosevelt, and this terrible hatred of war on Roosevelt's part cost hundreds of thousands of young Americans their lives. Truman also hated war; and his peace movement in Korea daily claims its bloody toll of American lives. If Eisenhower follows in the footsteps of his international minded predecessors and spiritual mentors, the results should make the blood run cold.

Rule 2—Eisenhower's second rule states that "appeasement" is useless, that we might as well go to war at once. Let us no longer negotiate power-questions, let us simply get the war going since we are dealing with "aggressors." For Eisenhower to dispatch troops to the Antipodes is not aggression but a Russian military parade in Moscow is aggression.

Rule 3—Americans must not regard their country as their own, but merely as a convenient source of human cannon fodder, natural resources and raw materials for the "Freedom loving people" of the earth. We are to serve up our children and resources on a silver platter to a howling pack of foreign free-loaders, who may well turn our own weapons against us in event of a universal war. After all, David Eisenhower's brother, Miltie, has to keep his plush job in the United Nations, regardless of the cost.

Rule 4—Although America is quite willing to defend all free nations, these nations need not adopt American political and economic institutions. Germany is the sole exception to this policy, but Eisenhower tactfully refuses to mention this fact. Germany is occupied by American troops, and the German people are now faced with the imminent threat of universal conscription, to fight as unpaid mercenaries in Eisenhower's projected Third World War. This conscription is entirely against the wishes of the entire German population, with the possible exception of Adenauer and his tiny coterie of "democratic politicians."

Rule 5—We will "help proven friends of freedom" and we hope they will stop freeloading long enough to assume some slight portion of the burden of their own defense.

Rule 6—We will encourage profitable trade, since it is the basis of peace and military strength. What is profitable trade? Any Wall Street banker can tell you.

Rule 7—All alliances against Russia must be made under the hegemony of the United Nations. Furthermore we want Europe to unite to "safeguard its spiritual and cultural heritage." Only seven years ago, this same Eisenhower was engaged in a "Holy Crusade" to destroy the Christian Armies of Europe which he is now trying to reorganize. Was he right then, or now? Was he stupid then, or now?

Rule 8—"Freedom" is indivisible and all peoples are equal. Notice . . . **all**. This means that even the wicked, aggressive, lazy Russians are "in no sense," inferior to other people.

Rule 9—Because the United Nations is so peaceful, we shall try to make it effective somehow. We shall work ceaselessly for peace but we shall not compromise. Of course the only way peace has ever been achieved, even in a small family circle, is through a little compromise, but Eisenhower refuses any compromise. As usual with Eisenhower, proud bearer of the Order of Suvarov, peace means war.

The rest of the speech is an anticlimax. The speech contains only one great defect, a simple one! Every statement, suggestion and assumption are false. The essential falsehood is that the realm of politics is the realm of morality. The plain truth, to be found on every page of world history, is that morality at no point intersects politics. Politics is the realm of struggle for power. Since life and death are at stake in the game of politics, politicians are willing to use any sort of rationale, any type of propaganda, to excite and coerce "their citizens."

Eisenhower's purpose in everything is to actualize United Nations world domination. Eisenhower dares not abandon this purpose, even if he could. He is reminded of this objective daily by the same crew of aliens who controlled the policies of Truman and Roosevelt, who demand that American troops fight under the hybrid rag of the United Nations rather than under Old Glory, and who have contempt for all national and racial pride.

The worst aspect of Eisenhower's speech is the constant anti-American undertone. Americans are not superior, American resources belong to the entire world, to the Peruvian Indians, the rice growers in Burma and the Zulu Hottentots. Anything left over can be had by Eisenhower's loyal but stupid American subjects. America must not seek to dominate any of its beggar clients since all nations are entitled to draw on America's wealth. The theme constantly recurs. There must be a United Nations world empire which will be controlled by the small group of cosmopolitan aliens in New York City, who now sit in the great glass building and play at being

God. Tomorrow this coterie of international-wanderers must be the real sovereigns of the world. Americans can not be the world sovereigns, even though our blood, resources and treasures shall be used to establish the eventual United Nations Imperium.

There are two kinds of enemies which a nation may have: inner enemies and outer enemies. The inner enemy is far more dangerous, since he masquerades as a loyal patriot, but, in effect, he is an alien. One traitor within the fortress is more dangerous than a hundred divisions without. By his inaugural speech Eisenhower has opened intensive preparations for the Third World War, and at the same moment, has declared, repeatedly and unmistakably, that America must not win this projected war. This makes Eisenhower, the man who places the interests of the United Nations ahead of the interests of the United States, the outstanding inner enemy of America.

EISENHOWER'S STATE OF THE UNION MESSAGE.

In this second speech, made two weeks after his Inaugural Address, David of Suvarov made it quite clear that it was no accident that his inaugural speech was entirely internationalist and opposed to American national interests. The inaugural address consists of nine points; but Eisenhower's ghost writers placed 27 points in his State of the Union Message. Many of these points, such as Eisenhower's proposal to raise both wages and prices and lower taxes in order to combat inflation, cancel each other out and hence require no comment. Many other points are of interest only to special groups of Americans, such as the 500 mediocre politicians that constitute the Modern Tower Of Babel known as the American Congress. These include such measures as the proposal of statehood for Hawaii, the proposal to eliminate rent control, the raising of farm prices etc. The main policy of the speech was to continue the baiting and threatening of Soviet Russia. Perhaps the political forces behind Eisenhower believe that Russia may yet surrender her full sovereignty to the United Nations. Meantime we shall continue to show Russia that the only alternative is war.

Eisenhower, despite his anti-Russian pronouncements, did not go so far as to renounce his treasured Order of Surarov, which reposes at home in a drawer with his English Order of the Bath and his 4-H Club Badge. The entire speech was in the same vein as the inaugural address: much anti-Russian bluster little anti-Russian practical effect. Like before, the main content of the State Of the Union Address was opposed to American national interests.

Eisenhower begins with four points:

1. Extension of American influence in the world.
2. The need for an internal authoritarian regime under Eisenhower to secure respect abroad.
3. Intensified looting of the American Treasury to support foreign nations.
4. Conditioning the minds of the American people to accept these internationalist aims and policies on a permanent basis.

These four points add nothing new to the inaugural address, but immediately afterwards Eisenhower admits publicly, before the entire world, that he is a political fool, a man completely ignorant of world history hence totally incompetent for any political purposes. He spoke of the "military victory" over Nazi Germany in 1945, and that he had "expected a world of peace and cooperation" as a result of that "victory." This is tantamount to saying: I, David Eisenhower, am an absolute political fool. Human history has been recorded for 5000 years. The history of the human race has many volumes, but only one page, and that page is entitled, "War." The period between wars is merely a period of recuperation from the last struggle and preparation for the next. All racial and national groups seek world power. The struggle for survival and world domination between contending racial and national groupings will continue until one nation or race becomes absolute master of the globe. This explains why the only prolonged period of world peace took place under the "pax Romana" when the golden legions of Imperial Rome were the unquestioned masters of the civilized world. Under any other conditions peace is merely that short, unimportant period between wars. David Eisenhower, however, thought that history had terminated with his admin-

istration and the entire human species had entered into Never-Never Land.

In speaking of the "military victory" of 1945, Eisenhower reaffirms that he is still both anti-American and anti-European since America and Europe were the actual losers of World War II, the war in which Eisenhower handed over the European cultural centers of Berlin, Prague and Vienna to the Russian barbarian hordes. This was the war in which Eisenhower's bombardiers destroyed untold numbers of European human beings, cultural treasures and economic facilities in a vile warfare against civilians. After this alleged "victory" Eisenhower smilingly entrusted to his Red partner, General Zhukov, the lives of millions of Europeans and untold wealth in the form of European resources and cultural treasures. Eisenhower now asks Europe to fight a major world conflict against the same Red barbarians whom he aided in destroying European civilization in 1945.

In order to win more such victories of the 1945 variety, Eisenhower outlined six more points:

1. There must be no pretense of opposition from the American people to the foreign policy of Eisenhower and his backers. Even those who are opposed to his internationalist program must support it. This farce is called the "bipartisan policy."
2. The Eisenhower foreign policy must be oriented toward the entire world. Therefore, Europe and Asia are alleged to have the same value, culturally, militarily and otherwise.
3. Eisenhower renounces the Yalta and Potsdam agreements, those same agreements which made up the so called "Victory Of 1945" and transformed Dwight Eisenhower, the farm boy from Kansas into Eisenhower Of Surarov, the despoiler of Europe and the arch enemy of Western Civilization.
4. All nations under Eisenhower's domination must support and implement his world policy. Eisenhower's traveling salesman, John Foster Dulles, has already sought to purchase European lives with American gold. His while slaver tactics and arrogant demands upon European leaders met first with shock and then with intense anger. Europe will not sacrifice

its entire younger generation upon the altar of the Great God Gold in return for cash from Uncle Shylock. Shylock invariably demands his pound of flesh. Just reverse the process and ask yourself would America sacrifice her entire national youth and allow her territory to be laid waste by a barbarian enemy in order that American politicians might cook up a private financial deal with someone in Europe or Asia. When applied to America, the magnitude of this criminal conspiracy to buy European manpower with Wall Street dollars becomes obvious.

5. Europe must be united under Eisenhower and his backers.

6. "Profitable trade" must be encouraged by reducing American tariffs, by "American" financial penetration abroad by "American" subsidies abroad and by "American" requisitioning of raw materials abroad.

Several of these points need illumination. Thus the phrase "bipartisan policy" has precisely the meaning of the single word coined by Benito Mussolini, "**Totalitarian**". Mussolini announced with fearless honesty, "Everything within the State, nothing without the State, nothing against the State". With crooked dishonesty, Eisenhower says in effect: Everything within my policy (and that of my financial backers and ghost writers), nothing without my policy, nothing against my policy (no "partisanship"). Eisenhower's policy is not a program for the political salvation and cultural resurgence of Western Civilization, for he specifically states that Europe and Asia carry the same weight in his world outlook. The loud and bold renunciation of the Yalta and Potsdam agreements is utterly without consequence since these renounced agreements have already placed Russia in complete possession of the Kuriles, Sakhalin, Manchuria, Outer Mongolia and the Baltic States. Half of the geographic surface of Europe lies under Soviet domination as a result of these agreements. As soon as Russia's possession became a military actuality, the Yalta and Potsdam agreements ceased to have life and passed into history—in legal terminology, they were completely executed. Thus there is nothing for Eisenhower to renounce since the millions of Europeans in Russian bondage were placed in that bondage by Eisenhower and

his backers, the present day architects of the anti-Russian policy of Washington, D. C. This is mere anti-Russian bluster and frightens no one in Moscow.

The next point is the union of Europe. When Europe was united under Adolf Hitler, and fighting for its political and cultural existence against the danger of a Russian barbarian invasion, Eisenhower and his backers demanded the total political extinction of Europe. The first point promulgated by the Berlin duumvirate of Eisenhower and Zhukov in 1945 stated: the German Army is forever abolished. The German Army was the only army in Europe in a practical, political sense. In 1945, Eisenhower, beaming over his Order of Suvarov, announced the perpetual destruction of Europe; now he wants to unite Europe against his old friends of 1945, the Russians. Russia has not changed, it has had the same Communist leadership for 30 years. Why have Eisenhower and his backers changed? Is it because Russia will not surrender her national sovereignty to the United Nations? Is it because they fear another "six million Jews" may be eliminated by Russia's anti-Zionist policies? Is it because Russia is becoming nationalistic, and Eisenhower and Co. have decided on the abolition of all national states through the instrumentality of the United Nations? Again, however, is it mere bluster since Eisenhower and Co. talk anti-Russian but do nothing? For six years now American politicians have been anti-Russian, and Europe has been completely in their power to unite against Russia. But today, in 1953, Europe is more splintered and disunited than it has ever been in the past thousand years. In Kaiser Wilhelm's Europe there were no passports needed between Berlin and Paris; in Adolf Hitler's Europe there was one passport inspection between Berlin and Paris; but in Eisenhower's Europe there are six passport inspections necessary between Berlin and Paris. Eisenhower speaks of a united "European Army" which has no existence in fact and which will never exist as an effective instrument under the leadership of Eisenhower's backers.

More bluster occurs in the "deneutralizing" of Formosa. The master politician, Eisenhower, erstwhile believer in the Never-Never Land of world politics announces as a great discovery: "We have no ob-

ligation to protect a nation fighting us." Here was the courage of dense ignorance; never in world history has the head of a State announced so happily such an elementary truism. But just as the nominal "blockade" of Formosa was preventing nothing, so its nominal removal will accomplish nothing. Eisenhower's backers destroyed the military power of Chiang-Kai-Shek, now they say they are sorry for this treasonable deed. Meanwhile, Russian influence is predominant in Asia, thanks to the treacherous activities of Eisenhower's backers.

These two speeches by themselves do not bring the Third World War any nearer, they serve merely to show the world that America under internationalist, anti-American leadership is capable of stirring it up, but in no case of prosecuting such a war to

victory. One thing is an absolute certainty, Europe will never fight under the banner of Eisenhower's NATO Internationalism. Eisenhower's combination of big talk and little deeds are the prelude to disaster for all those who associate themselves with him and his spiritual mentors. Morality, "collective security" and internationalism are a good formula for starting wars but they are an equally sure formula for loss, ruin and catastrophe to the protagonists of these views as well as for their unwitting victims. Let us for once graduate to an American foreign policy which places American interests ahead of foreign interests. Let us repeat the words of America's military founder, George Washington, "Friendly trade with all nations, entangling alliances with none."
